

Clergyman Declares United States Must Use NATO Power To Curb Spread Of Communism

"It is our Christian obligation and political responsibility to press forward with the NATO program, for if it were not for this organization, all of Europe would be in Russian hands," declared the Rev. Wallace E. Fisher, pastor of Christ Lutheran Church, at a meeting of the Women's Club of Gettysburg Wednesday afternoon during which the 27th anniversary luncheon was served at the Hotel Gettysburg at 12:30 o'clock.

"Even if nothing ever comes of our help, it would still be our duty to help the suffering countries. Leadership has been imposed on America. The question is can we measure up to it?"

Rev. Mr. Fisher, who recently returned from Europe where he attended the religious and educational conference sponsored by the Chaplains Division of the European Command, August 17-31, in southern Bavaria, visited many places in Europe still haunted with the tragedy of war. Accompanied by army personnel, he inspected a number of former Nazi prison camps. The young clergymen tried to probe the German mind. But found it difficult as opinions were varied concerning the future outlook of the German nation. In certain zones the young minister met a fatalistic attitude in persons with whom he talked.

Fear Another War
"The inevitability of World War III filled them with a kind of hopelessness. There is a neo-Nazi group," he said, "limited as to number. Nationalism dies hard." He declared that "we must aim to redirect this trend toward Nationalism. There are certain people who would still be berserk if they heard the sound of Hitler's voice in a recording or movie."

"A small group would make friends with the Communists," declared the speaker. "This is true of a large number of women who have been set back many years in their independence during the reign of Nazism. The population in Germany is 62 per cent female. With so many women in one locality there is a breaking down of family and home life. During Hitler's reign, women were regarded as 'chattel', to bear children and to engage in manual labor. They had little or no political power."

Fertile Ground For Reds
"When asked what they thought about the power of voting and the possibility of again taking an active part in politics, they answered, 'I do not know. I do not care.' Here is a rich ground for Communist invaders," Rev. Mr. Fisher said.

The problem of employment is grave and this seemed to be the chief complaint of some Germans with whom the speaker talked. Rev. Mr. Fisher discovered that there were thousands of burnt-out living quarters and he believes that "we must go forward with our building program."

"We have come a long way since 1945," he declared, "but there still remains much to be accomplished. Both the Protestant and Catholic Churches have covered a lot of ground but we must do more. This is a religious duty and a political necessity."

"The morale of the American army in Europe is high, but the problem of morale is a rather serious one. The army is not alone responsible. Our American churches, colleges, high schools and homes also share their part of the responsibility in developing the character of youth," Rev. Mr. Fisher believes that the youth of today show a certain immaturity of thought. They must be re-educated to a proper sense of values. They must go to church. In the face of the great need which presents itself, he feels that the American church, both Protestant and Catholic, is limited. He talked with representative chaplains and believes them to be "competent men."

Must Be Alert
"We were not fully aware of the diabolical plans for destruction of a world order before the last tragic war, but we can scarcely close our eyes this time, and cry out, 'Oh, no! We don't believe it.' The same plan for destruction is going on in another country today."

Rev. Mr. Fisher described the inference in Bavaria briefly. He said that he preached every evening during the two-week assembly. Three hundred delegates attended the first session for the older group. The second week, which included the younger group, had an attendance of 100 delegates. Plans were made for another conference next summer.

The speaker gave his impressions of London and Paris, both of which he visited before returning to the States.

Part of the program of the afternoon included vocal presentations by Mrs. Robert H. Derck, who was

MILK BUSINESS OF ICE, STORAGE SOLD TO BUPP'S

Bupp's Dairy, Hanover, today announced purchase of the milk business of the Gettysburg Ice and Storage Co.

Actual transfer of the business will take place Saturday. Employees of the Bupp Company were spending today and Friday visiting customers to explain the change.

Service will not be disrupted, W. H. Bupp, owner of the dairy, said today. Present driver-salesmen of the Gettysburg Ice and Storage will continue to serve their regular routes using Ice and Storage milk trucks, which were sold to the Hanover dairy; the only difference will be that starting Saturday the trucks will load at Hanover, Bupp explained. As soon as possible the wording "Bupp's Dairy" will be placed on the trucks.

Started In 1905
The Bupp's dairy started in 1905 when P. M. Bupp, father of the present owner, began with one wagon to deliver milk in York. In 1943 the company purchased the former Lonce's dairy in Hanover and is now located there.

Farmers formerly supplying the Gettysburg Ice and Storage are now delivering their milk to the Bupp dairy and have been for the most part for the last four months, W. H. Bupp said. The dairy has been delivering milk in the Gettysburg area for a number of years.

A veteran of World War II, the new owner of the Ice and Storage milk business served for four years in the ETO. He assumed the presidency of Bupp's Dairy in 1949.

The Ice and Storage Co., which had been delivering milk locally for more than 30 years, will continue to sell ice cream and ice and will make regular deliveries of those products.

WEAVER WARNS BIKE RIDERS

Burgess William G. Weaver today issued a warning to bicycle riders not to block sidewalks or exits, and said that bicycles found in these zones in violation of the general borough ordinance relative to such blocking will be removed by borough police to the fire engine house.

The warning, the burgess said, following receipt of several complaints from various places in downtown Gettysburg, where pedestrians had been inconvenienced by bikes obstructing sidewalks.

One of these places, the burgess said, is on E. Middle St. at the side of the Strand Theater. Bicycles on Saturday afternoons not only obstruct the sidewalk, the burgess said, but also block the theater's emergency exits.

For this reason, an appeal was directed to all owners of bicycles not to leave them more than three feet from the building and not to block entrances or exits to the theaters, or to stores and apartment buildings.

Bollinger Services Saturday Afternoon

Funeral services for Roy C. Bollinger, 55, Emmitsburg butcher who died Tuesday evening in the Warner Hospital following a stroke, will be Saturday afternoon at 2 o'clock in the Elias Lutheran Church in Emmitsburg with the pastor, the Rev. Philip Bower, officiating.

The body may be viewed at the Allison Funeral Home in Emmitsburg Friday evening after 7 o'clock or at the church from 1 p.m. Saturday until the hour of the funeral. Interment will be made at Mountaintop Cemetery, Emmitsburg.

Two Local Drivers Face Traffic Counts

A notice to appear before Justice of the Peace John H. Baschore within ten days to answer to a hit-run charge was sent today to William Q. George, 207 Chambersburg St.

George is charged by borough police with hitting the parked automobile of William F. Kint, Fairfield, on York St. on September 6 and failing to stop after the accident.

Borough police also charged Billy Pierce, 58 Breckenridge St., with reckless driving on that street on September 16, and a similar notice was sent to him today by Justice Baschore.

HASSLER WILL PROBATED

The will of B. F. Hassler, late of Franklin Twp., has been entered for probate at the office of the county register and recorder. Ida M. Hassler is named as executrix of the \$5,000 estate.

Passes School Bus; Fined \$20

State police of the Gettysburg substation followed up a recent warning that motorists who pass school buses taking on or discharging children will be prosecuted, with the arrest of Miss Elsa Wendt, Paterson, N. J., Tuesday afternoon.

It was the first arrest made for this offense since the opening of the schools on September 4. Miss Wendt was driving north on the Emmitsburg Rd. enroute home from a vacation trip. She was fined \$20 and costs by Justice of the Peace Robert P. Snyder.

"She should have known that it's illegal to pass a standing school bus discharging passengers, because New Jersey has a similar law," Sgt. Joseph E. Temple, in charge of the Gettysburg substation, said.

He warned that all drivers caught passing school buses would be subject to arrest.

EARLY APPLE PRICES SCARE SOME BUYERS

Don Horst, crop supervisor for the C. H. Musselman Co., said today reports reaching the company indicate that this will not be an outstanding year for apples, because of poor pollination and the tendency of trees to rest following the two heavy crops of 1950 and 1951.

Horst added, however, that trade advisers indicate that while the 1952 expected crop of 98 million bushels will be 11 per cent under the 1951 crop, the volume "might still be burdensome."

With prices on early apples higher than a year ago, Horst said, reports from the major markets indicate that some buyers have been "scared off" by the price factor.

In-Competitive Market

"This illustrates a fact of great importance to growers whose product goes through processors to the wholesale and retail canned goods market," Horst said. "People are extremely price conscious. Higher prices for canned goods shrink the market. Apples compete with other fruits in cans; citrus fruits, peaches, pears, apricots as well as frozen products. When the prices of competing fruits are down and the price of apples is up, and it is interesting to see how sensitive the housewife's pocketbook is—apple sales shrink accordingly."

"Because of this price consciousness, our salesmen and distributors believe that a moderate price structure for apples moves a larger volume and is better for all concerned in the season's sales. The right price for apples is the one at which they will make the most on the total volume of their crop."

Horst said the C. H. Musselman Co., now receiving apples at both Biglerville and Inwood, W. Va., is following the Appalachian Apple Service recommendation of announcing prices before delivery, using 2 1/2-inch as the basic size and giving equal price treatment for other varieties as compared to York Imperials, which formerly were given preferential treatment.

DR. ABERLY IS HONORED AT 85

Dr. John Aberly, professor emeritus of systematic theology at the Gettysburg Lutheran Theological Seminary and a past president of that institution, today observed his 85th birthday at his home on Springs Ave.

Wednesday afternoon the occasion was observed with a surprise birthday party held for him by the members of the seminary faculty and their wives at the social rooms of the seminary's administration building.

Dr. Ralph D. Heim presided at the program. Dr. Carl C. Rasmussen gave an appreciation of the work of Dr. Aberly for the church, including teaching in three seminaries, one in India, one in Chicago and the Gettysburg seminary. He also praised Dr. Aberly for "his published writings which are an inspiration for all, but most of all for being himself."

Dr. Harry F. Baughman, president of the seminary, presented the retired teacher and president with a sheaf of red roses.

Refreshments were served with Mrs. Baughman, Dr. Bertha Paulsen and Mrs. Reginald W. Deitz presiding at the tables.

FORFEITS BAIL

The bail of Clyde A. Miller, Biglerville, who was charged with failure to stop at the scene of an accident, was ordered forfeited by Judge Dale F. Shugart in Cumberland County court, Carlisle, Wednesday after Miller failed to appear. The case was continued.

ISSUED LICENSE

A marriage license was issued in Carlisle Wednesday to Andrew B. Gardner, York Springs R. 1, and Marian Louise Spangler, Carlisle R. 6.

Chaplain Strevig Tells Of Tremendous Recovery Made In Germany In Last Three Years

Germany has made a tremendous recovery, both economically and spiritually, Chaplain (Lt. Col.) John R. Strevig told a reporter for The Gettysburg Times.

Interviewed at the Hotel Gettysburg, the Gettysburg College and Seminary grad who has completed three years service in Germany, arrived here over the week end while enroute to a new assignment as a chaplain at the Aberdeen Proving Grounds in Maryland, just 22 miles from his native community of Manchester.

One of his duties in Germany, while serving as post chaplain at Frankfurt, was to meet visiting VIPs (Very Important Person, in Army language) and help them on their way.

In between the VIPs ranging from State Department officials to full generals, Chaplain Strevig received orders to meet Rev. Wallace Fisher, enroute to address a Germany-wide conference being held under sponsorship of the Army.

Fisher Did Magnificent
Colonel Strevig, who had never met the pastor of Christ Lutheran Church here, but who had heard much of him by reputation, says he went looking for a middle aged to elderly man. He saw a young man, wearing sports shirt, in the lobby of a hotel, but did not suspect he was looking at the man he was seeking. Later, with only a few moments to go, he saw a letter the young man was sending out and discovered that he was the "Rev. Fisher" he sought.

Chaplain Strevig reports that Pastor Fisher "did a magnificent job. He impressed everyone. The chaplains in Germany are still talking about him."

Germany has changed tremendously in the past three years, (Continued on Page 11)

WILL TEST USE OF SALT ON ROADS IN ADAMS COUNTY

An Adams County highway has been chosen, according to State Highway Department officials, for the first demonstration and test in Pennsylvania of a new method of stabilizing highway bases with the use of salt.

The demonstration will be conducted by the International Salt Co., Scranton, according to J. M. Gallagher, industrial engineer of the company, with the cooperation of A. J. Bedard, district engineer, and M. S. Brumbaugh, maintenance engineer, State Highway Department, Harrisburg, and J. William Kendeheart Jr., Adams County superintendent.

The date has been set for October 15. S. J. Duncan, highway development engineer for the salt company, will supervise the demonstration. County commissioners and township road supervisors will be invited to attend.

Reduces Thawing
Chief advantages attributed to the use of salt on stabilized highways would be to hold up traffic better, control dust on gravel roads and reduce freezing and thawing of the base under the surface, Gallagher said.

The "salt highway" is applied, according to Gallagher, by scarifying the base to a depth of six inches and then thoroughly mixing salt and water into the base material. The road may then be rolled or smoothed by traffic.

The International Salt Co. claims that on gravel roads the salt base should hold down the fine particles. (Please Turn to Page 2)

Robot Planes In Korea Herald Beginning Of Push-button War

WASHINGTON (AP)—American robot planes, untouched by man in long-range flights, have sought out and destroyed Communist targets in Korea—heralding the explosive birth of push-button warfare.

The Navy, which developed the new secret weapon, withheld many details but revealed it as:

An outmoded airplane, carrying a 2,000-pound bomb and guided from carrier-deck launching to on-target crash entirely by electronics. A television camera is perched in its cockpit to send back pictures of its flight.

Delayed By Censors

Associated Press staff photographer Fred Waters, aboard the 27,000-ton aircraft carrier Boxer, cabled an eye-witness account of the new missile's first use on Sept. 1 in Korea waters.

Navy censors delayed Waters' story until yesterday, cleared it and then said in an announcement: "A number of guided missiles have been launched successfully against Communist targets in North Korea from the USS Boxer."

Watched 150 Miles Away
Waters, in an additional dispatch, placed the number already launched

Get Preliminary OK On Building Plans

The Upper Adams County school system today received a "go ahead" signal from the State Department of Instruction for proposed elementary schools in Biglerville and Arendtsville.

Letters from Dr. Francis Haas to the district said that permission is granted the school board to construct a \$180,000 school building at Biglerville and a \$180,000 school building at Arendtsville, if the Upper Adams board so wishes.

Dr. Haas' letter explained that the permission did not pertain, however, to any proposed actual construction, and that the department would have to check all architects' plans and drawings for the buildings and give its approval on the plans before bids could be let for the actual construction.

The permissive letter is a first step authorizing the board to go ahead with planning for the schools.

FAIRFIELD JOINT SCHOOL SYSTEM HAS 574 PUPILS

A total of 574 pupils are enrolled in the Fairfield Joint School system, according to announcement by George B. Inskip, supervising principal.

There are 374 pupils in the first six grades and 200 in the Junior-Senior High School. Grade school enrollments are as follows: First, 74; second, 60; third, 57; fourth, 67; fifth, 62, and sixth, 54.

Two Assessors Named; 3 Have Resigned

Two Adams County women were appointed as assessors by the commissioners Wednesday.

They are Mrs. Rosalie Raffensperger, Arendtsville, named as assessor in that borough, and Mrs. J. S. Deatrick, Aspers, named as assessor in Tyrone Twp.

Resignations of three assessors were accepted by the commissioners at their meeting Wednesday at the court house. The assessors resigning are Earl McGlaughlin, Fairfield; Earl Heagy, Cumberland Twp., and Arthur Henry, Freedom Twp.

Two Instructors Added At College

Miss Sigrid Lehnberger, West Hempstead, N. Y., has been engaged as teacher of French and Spanish in the Romance Languages Department at Gettysburg College. It was announced today.

Miss Lehnberger received her B.A. degree at Hofstra College in 1947 and her Master's degree at Duke University in 1949. She taught at Hofstra in 1949-50 and at Duke in 1951-52.

Robert L. Jones, a graduate of Gettysburg College, class of 1952, has been engaged as an assistant in the Chemistry Department.

WILL SPONSOR SCHOOL X-RAYS

The Adams County Tuberculosis and Health Society will again sponsor X-ray chest examinations for freshmen in the high schools of the county, Atty. Eugene R. Hartman, society president, announced today.

The mobile X-ray unit of R. B. Naugel will be in Gettysburg all day Saturday, September 27, at the Douegry and Hartley corner of Baltimore St. and Lincoln Square.

Mr. Hartman said, to examine individuals. A nominal fee will be charged.

The trailer will remain in the county all of the following week. The TB Society will pay for the examination of school children, school teachers and employees, including bus drivers, and members of the athletic teams.

Industries may have their employees examined, for which the fee will be charged.

A schedule of school visitations will be announced later, Mr. Hartman said.

11 PROSPECTIVE AAUW MEMBERS ARE PRESENTED

Eleven prospective members were presented Wednesday evening to the Adams County Branch of the American Association of University Women at a covered dish supper held by the AAUW at the YWCA. Approximately 75 were in attendance.

Mrs. Maxwell Bucklew, publicity chairman, presented as prospective members Mrs. Walter Langsam, a graduate of Cornell and wife of the new president of Gettysburg College; Mrs. Danner Clouser, a Radcliffe College graduate; Miss Betty Livermore, Ohio Wesleyan and Carnegie Tech; Miss Betty Jo Hill, Miss Barbara Keller, Mrs. Paul Grove and Miss Anna Belle Russell, Penn State; Miss Elsie Garlach and Miss Leora Held, Columbia; Miss Dorothy Riddaugh, Wilson and Drexel Institute, and Mrs. Robert Codori, Carnegie Tech.

Study Groups Plans

Following presentation of the guests they were granted an opportunity to meet with the study group of their choice.

The president, Mrs. Robert Fortenbaugh, presided at the business meeting following the supper. Mrs. Clayton Jester, who with Mrs. Henry Thomas is co-chairman of the International Relations group, reported that her unit will study Egypt and the Balkans this year. Last year the study group surveyed India and the Near East. Motion pictures of those countries will be shown at the first meeting of the year for the group, to be held next Wednesday evening at 8 o'clock at the home of Mrs. Thomas, Gettysburg R. 3. Members desiring transportation to the home of Mrs. Thomas were asked to contact Miss Dorothy G. Lee.

Members of the Legislative Study Group, headed by Mrs. Forrest Craver and Mrs. P. J. McGlynn, are planning an intensive study of government and national issues.

To Hear Candidate

On October 17 the Legislative group will hold a meeting, probably at the Court House, at which speakers will include Miss Genevieve Blatt, Harrisburg attorney and Democratic candidate for auditor general, and Mrs. Katherine Bennett, Martindale, also a Harrisburg attorney, who is active in the Young Republican movement. Copies of Election Clivics will be distributed at the October 17 session. It was announced that Mrs. Craver will provide transportation for members of the group attending the Wilson College Workshop September 27.

Miss Martha Sachs announced the Current Literature Study Group will meet Wednesday evening, October 1, (Continued on Page 2)

Steel Slivers Are Removed From Eyes

James Orndorff, 23, Gettysburg R. 5, was treated at the Warner Hospital today for the removal of small steel slivers from both eyes received while doing electric welding.

Admissions: Mrs. Edward Sandnes, Gettysburg R. 3; Mrs. George Fream, Taneytown; Mrs. Lawrence Weaver, New Oxford; Mrs. Charles Clabaugh, Detroit, Md.; Mrs. Theron Weaver, Littlestown.

Discharges: Mrs. Marshall Tuckey and infant son, Bendersville, and Mrs. Edna Weaver, Bendersville.

Two Local Youths Join Air Force

Two Gettysburg youths left Wednesday for the Sampson Air Force Base in New York after volunteering for service with the U. S. Air Force.

The boys are Dale E. Myers, 18, son of Mr. and Mrs. Edward J. Myers, 322 W. Middle St., a former Gettysburg High School student, and William Chamberlain, son of Mrs. Helen Chamberlain, 126 Chambersburg St.

Birth Announcements

Daughters were born at the Warner Hospital today to Mr. and Mrs. George Fream, Taneytown, and Mr. and Mrs. Charles Clabaugh, Detroit.

Mr. and Mrs. Lawrence Weaver, New Oxford, announce the birth of a son today at the hospital.

A daughter was born Wednesday at the hospital to Mr. and Mrs. Edward Sandnes, Gettysburg R. 3.

A daughter was born Tuesday at the Hanover Hospital to Mr. and Mrs. Carroll Staub, New Oxford R. 1.

Mr. and Mrs. William W. Lauer, Hialeah, Fla., announce the birth of a son on September 2, Mr. Lauer is the son of Mrs. Zora Slaybaugh, Hilltown, and the late Harry Lauer.

"As a nation, we are not relating Christianity to our daily life, and until we do we have no right to expect Christian actions and reactions from any of our fellowmen, who evidently are similarly lax in giving Christianity a chance to prove its worth by really applying its principles instead of just taking them for granted," Dr. Walter C. Langsam, president of Gettysburg College, declared this morning at the convocation formally opening the college for its 121st year. The service was held in the Majestic Theater at 11 o'clock.

In expressing the hope that the students of the college approach the new year of learning with the thought of "an education which prepares you to live in society according to the principles reflected in the life and teachings of Jesus Christ," Dr. Langsam declared:

"Perhaps it is because it has become so fashionable among so-called Christians to think and speak in terms of social ethics and to mistake indifference and spiritual laziness for Christian tolerance and love that God is sending the western world some of its current trials and tribulations. Perhaps our waves and epidemics of crime and corruption and perhaps the aggressive advances of the atheistic, communist forces are God's warning signal to us to stop calling ourselves Christians and start being Christians."

The simple opening ceremony opened with the singing of the College Hymn. The scripture lesson and prayer were given by the Rev. Edward E. Korte, college chaplain, who also gave the benediction. The "Alma Mater" was sung at the close of the program.

In welcoming the students to the opening of the college year, Dr. Langsam said:

Tribute To Dr. Hanson

"My presence in place of Dr. Hanson will seem strange to many of you; I need not tell you of the outstanding work Dr. Hanson did here over nearly three decades, and I hope you will understand the difficulty of any successor who has his shoes to fill."

"But I hope also that we will soon get to know each other and become friends. Perhaps I should tell you why I accepted a call to Gettysburg though I was quite happy at Wagner. Special appeal lay in the evidences of great loyalty on the part of all who had any connection with Gettysburg; the reputation of the faculty; the strong institutional base which had been built over the years and especially in the last few decades; and the great potentialities which a good college in this area may develop. Gettysburg, in short, seemed a good place to be; and in the few weeks we have been in town, our whole family has come to like living here. Obviously you, too, like it, and so we have a common bond of loyalty and friendship."

"You will also see some other new faces in the administration and I hope you will soon like them, too; they are here, primarily, to serve you and to help you help yourself."

"First, there is Chaplain Edwerth Korte, '32, who is coming from Penn State on October 1 and will have his office in the SCA Building. Pastor Korte is Gettysburg's first fulltime chaplain, and he will have the rank of department head but no teaching duties. He will be week-day pastor of the campus family, living in the 'White House' so as to be always in its midst. He will have a leading part in all college ceremonies and will, as one of his first duties, re-study the whole place and content of chapel services in the college picture. So far as I know, there is no college in the United States which has a really satisfactory chapel setup; we may not succeed either, but we certainly will try."

New Dean of Men

"Then, Dean of Men Robert Fryling, '43, will be coming on September 22 after a tour of duty with the Marines and will also have his office in the SCA Building. He again is the first such fulltime officer in our history, with no classes to teach and with the understanding that he will be on duty afternoons and evenings. (You probably won't need him mornings since at that time you'll be either asleep or in class or both.) He will be chairman of the freshman advisers and of a new Committee on Dormitories, and he will also be in charge of parking. He will try to work with the fraternities and the independents. Very simply, he will work with and for every student and all students. Take to him your problems and wishes and gripes. He knows that at certain times in everyone's life there is no such thing as an unimportant or silly question or problem."

"In the case of Dean Fryling, however, as in that of Chaplain Korte, let me say that you must go to them with whatever may be on your heart and mind; they will not lasso you; the great privilege of approach is yours. This incidentally also applies to Dr. Duck, whom many of you already know. Dr. Duck is being relieved of some of the time-consuming business dealings with the Vet-

More Business Office
"A third new officer is the business manager, Richard Delus. His office, the business office of the college, is the old Sigma Chi Lodge where Mr. Rau formerly lived. (Mr. Rau, as you perhaps know, has accepted an appointment at Valley Forge Military Academy, and Miss Swisher has become the president's secretary.)"

"Mr. Debus is in charge of every phase of college activity that relates to finances, building maintenance, nonacademic services, and the upkeep of the grounds. His is in many ways the toughest and least popular job on the campus, since he often has to say 'no.' But you will find that all this thinking and planning is in the direction of making life on the campus more pleasant, always within the limits of a budget as set by the Board of Trustees."

"Among things he has worked on since coming here July 1 are: dining room tables and service; repair of barracks walls and rooms; improving the tennis courts; improving the general housekeeping on the campus. Incidentally, when the chapel is finished—I hope by next commencement—we may be able to convert a room on the second floor of the SCA Building into a student union or lounge."

"Now I think you may be interested in my ideas and feelings about certain important aspects of college life: Interested In Sports"

"I am keenly interested in sports and intercollegiate athletics; incidentally, James Lentz, whom some of you know, is here now as coach of freshman football and swimming, both of which sports have been restored."

"Fraternities and sororities I regard as a good thing, when they are well-run. I myself belong to a fraternity and was very active at one time as an alumni adviser; but I feel that a non-member is as good a campus citizen as any other."

"The fact that we have two ROTC units is, in my opinion, a great advantage. I am myself an ROTC graduate from one of the first such classes established, and have always been grateful for the training received."

"Both Mrs. Langsam and I are fond of dancing and social activities; we hope to attend most of the on-campus dances. On the academic side, I think there is a definite place for art and music courses in a liberal-arts college curriculum. I should like to see these stressed in the future, perhaps a little more than hitherto. Relations with the ULCA and the Synods appear to be excellent; I hope they may become even closer, and I intend to appoint a Faculty Committee on Synod Relations."

Position On Drinking
"And now, on a last point in the list, I do not wish to be misunderstood or misquoted. It concerns a matter which is a problem not only on most campuses but throughout the United States generally—and that is the drinking problem. So that we may understand each other clearly, I want to begin this topic by saying that, aside from the moral issue, I think drinking in general, particularly among young people, is unwise. The reason for my belief—and it is based on 27 years' experience with boys and girls of college age—is that drinking, even moderate drinking, removes inhibitions, some of which are regarded as good by a Christian society."

"Actually, except for some smart alecks and some very frustrated or insecure people, most young people can have just as good a time at a dance or other social affair without drinking—and usually they have a much better time the next morning, with neither headache nor heartache."

"I do not wish to belabor this point. I ask merely that before you drink or take any other doubtful action, you pause to think whether it will meet with the known wishes of your parents and with the principles of your own Christian upbringing. On-campus, of course, the matter is fixed. The Trustees' rule is that there shall be no storage or consumption of alcoholic beverages on the campus. You know this before you enter Gettysburg College, and by entering nonetheless you automatically agree to abide by the prohibition. And please understand that I, who live on the campus, place myself in the same category."

Appeals For Cooperation
"I know enough about fraternities, moreover, to know that the difficulty there often arises not with the active brothers but with the alumni. But even here the matter can be readily handled if there is a will to do so. Always there are some alumni who will back up the active officers if these are ready to take a stand. And it is certainly not a foregone conclusion that those who wish to do wrong are stronger than those who are right. In any unlikely case where this is not so, the Dean of Men may be called upon for assistance. Let us, then, be intelligent about the whole business and have our good times without causing trouble or unpleasantness for anyone."

"And, now, finally, a few words about the way in which I hope you will approach the new year's learning. I hope you will consciously and regularly think of it as Christian education. And by Christian education I mean simply an education which prepares you to live in society ac-

According to the principles reflected in the life and teachings of Jesus Christ.

Scores Materialism
"I do not need to tell you that much of what is called education today is the study of certain facts presented wholly apart from any relation they may have to Christianity. This type of education is purely mechanical and materialistic; it is totally inadequate for living significantly today."

"As long ago as the early 1800's the Iron Duke of Wellington, Conqueror of Napoleon, said: 'Educate men without religion, and you make them but clever devils.' Because his advice to educate men with religion has so often been disregarded, we have achieved the world situation in which we now live to a point at which a hardheaded modern thinker could utter the following warning: 'It is now too dangerous to let the learned run amuck if all they have is technical information.' (Loveloy). Or, as Supreme Court Justice Robert Jackson put it: 'It is one of the paradoxes of our time that modern society needs to fear... only the educated man.'"

"I am not implying that people who do not relate Christ to their everyday life are all necessarily wicked and without ethics or morals; but I do believe that a moral system based merely on finite human feelings of decency is not enough and is bound to break down in time of stress."

"In a current best-selling novel, Jefferson Sellick, the author (Carl Jonas) has his hero say at one point: 'I am quite sure that the long trend of the church away from what we had once, to something like a social service center is a wrong trend. The primary thing about a church is what was once called "peace which passeth understanding," and it is a mistake to trade this for what the Y.M.C.A. can probably do better.'"

Revealing Situation
"During the last hunting season, a farmer named Herbert O. Marlow, in Central Illinois, wanted to find out how hunters in cars would react to the presence of a pheasant in his field, which bordered a main highway. So he stuffed a pheasant which he named "Oscar" and placed it in sight of the road. He soon found out how the present-day Christian public acted and reacted."

"Some 200 hunters, driving by, evidently caught sight of "Oscar." They slammed on the brakes, jumped out of their cars, and blazed away at "Oscar." In doing so, all 200 violated at least three laws: they fired from the highway; they evidently carried loaded guns in their cars; and they hunted on private property without getting the owner's permission. All this among so-called Christians! And Illinois is no worse in this respect, I am sure, than any other state."

"I recently read a monthly report put out by one of the best intelligence or secret service reports are strictly factual and, on the whole, quite reliable. Its agents are hard-boiled, tough operators who really know their dangerous business. And in this report I found the following paragraph from an agent's report in the French situation today: 'France... needs a passionate minority convinced of ultimate victory for the clean, fine way of life over the dark forces of murder, corruption, and the eventual slave state. Such a minority... can arise only from a dynamic spiritual awakening, and from a conviction that Christ's Kingdom will prevail against the very gates of Hell.'"

"Surely, no one can accuse a tough secret agent of being sentimental of being professionally interested in selling Christianity! Surely if he feels the need of Christian living as a solution for the world, we, too, should heed the words of the Gospel that 'Man shall not live by bread alone, but by

Gettysburg High School Warriors Meet Delone Catholic Here Friday Evening

Over-Flow Crowd Anticipated Friday When GHS Meets Delone Here In 12th Game Of Series

Only favorable weather is needed to assure a capacity crowd Friday night when the Gettysburg and Delone Catholic High School grid-der clash on the local field at 8 o'clock in the first home game of the campaign for the Warriors. All indications point to a standing-room-only turnout to watch the time-honored rivals.

Friday's contests will be the 12th in the series between the intra-county foes, Delone having an 8-3 edge. Gettysburg triumphs were as follows: 1942, 21-0; 1950, 12-0, and 1951, 12-7. Delone won in 1939, 6-0; 1940, 14-6; 1943, 7-0; 1944, 25-0; 1946, 13-6; 1947, 25-6; 1948, 13-6, and 1949, 28-0.

Although the Squires, playing under Johnny McMahon for the first time, bowed to Hanover last week 18-0, there is every indication the lower countians will provide their usual strong opposition for the Warriors.

Sixteen lettermen give the Squires a good supply of experience.

All Vet Starters

Earl Terry and Gerald O'Brien, ends; Leo Livelberger, Charles Rider, tackles; Bob Neiderer and Glenn Ziegler, guards, and George Becker, center, who are listed as starters, are all veterans. The backfield men, Wilbur Noel, Tom G. Smith, Tom E. Smith and Jake Miller, are also D-men of a year ago, giving Coach McMahon an entire starting team of letter-winners.

Martin Redding, a reserve back and a local resident, Jim Gotwalt, Don Conrad, Jim Campbell, Gerald Shrader round out the veterans.

Coach McMahon reported today that Tom E. Smith, back; Gerry O'Brien, end, and Bob Neiderer, guard, were "banged up" considerably in the Hanover game a week ago and may be unable to start against Gettysburg.

The Warriors got off to a good start last week by disposing of Westminster 25-0 on the latter's field. The performance of the Warriors was spotty but the squad showed great potentialities. A little more charge on the part of the linemen is sorely needed and has been one of the targets of Coaches Howard Shoemaker and Ross Sachs during the workouts this week. The local coaches reported their squad in excellent condition with the exception of Billy DeHaas who is out indefinitely due to an injury.

Coach Shoemaker said today he was anticipating a very hard battle which is typical of all GHS-Squire contests.

No change in the Gettysburg starting lineup is anticipated. It will probably include Jim Skinner and Stanton Musser, ends; Richie Carter and Dick Ray, tackles; William Knox and Gus Dayhoff, guards; Jerry Peters, center; "Skip" Fissel, quarterback; Wayne Tonsel and Bobby Miller, halfbacks, and Ronnie Williams, fullback.

Bands Will Perform

The Gettysburg and Delone bands are scheduled to perform at half time.

Robert Zeigler, director of the local band, has announced the band will feature its trombone section in two marches. Edwin Bach is the drum major.

Nine majorettes, headed by Sara Scott, all of whom will be attired in new outfits, will feature a dance step routine to "Boatrace." They will also give baton twirling exhibitions.

Canners At Carlisle

Coach Gene Haas' Biglerville

High Canners take on a rugged task in furnishing the opposition for Carlisle on the latter's field Friday.

The Canners opened successfully a week ago by topping Littlestown 26-13. Meanwhile, Carlisle, picked by most dopesters as one of the strongest teams in the South Penn Conference, was idle.

Littlestown will attempt to break into the victory column when it plays at West York Saturday. Clay Evans' Thunderbolts showed flashes of strength last week and should improve steadily.

First League Game

Friday marks the opening of the South Penn Conference but only one game will be staged, Hershey playing at Shippensburg.

Other South Penn teams are listed as follows: Lebanon at Chambersburg; Western High of Washington, D. C., at Mechanicsburg, and York at Hanover.

In addition to the Littlestown-West York game other Laurel Conference games carded this week end include Susquehannock at Washington Twp.

BULLETS HOLD NIGHT WORKOUT

In a much-improved performance from that of last Saturday at West Chester State Teachers College, the Gettysburg College football squad dominated play during the two-hour drill with Shippensburg State Teachers College on the local high school field under the lights Wednesday evening.

Blocking, timing and tackling were considerably improved as the Bullets racked up five TDs and added four extra points on placements. Coaches Johnny Yovicsin and Jack Shainline were well pleased with the practice session.

The workout, which attracted almost 1,000 fans, was played under game regulations with the exception of there being no kickoffs, teams taking possession of the ball on the 30-yard line. A trio of officials were present to handle the "game."

On Saturday, the Bullet squad will go to Baltimore for a drill with Johns Hopkins University at 2:30 o'clock.

GRINDER NAMED PRESIDENT OF SOFTBALL LOOP

Johnny Grinder was elected president of the Gettysburg Softball League at a meeting Wednesday evening at the Moose home, succeeding Johnny Knox who resigned due to his duties as president of the Gettysburg Recreation Association. Knox, who has been affiliated with the softball league for more than 15 years, was retained by the league in an advisory capacity.

Officers re-elected were Don Bream, vice president, and Carroll Smith, secretary-treasurer.

In submitting his financial report for the season, Smith revealed the lunch stand took in \$1,934.40, \$455.65 of which was during the girls' state tournament. Collections received throughout the season totaled \$376.13. Umpires were paid \$284; scorers, labor and other miscellaneous expenses amounted to \$192.95; merchandise for operation of the stand totaled \$1,255.30. Payments for operation of the stand and program advertising solicitation amounted to \$239.

A committee to arrange a banquet for the title team, team managers and league officers was named and includes Ralph Johnson, chairman, Glenn Hankey and Carroll Smith. A fund-raising committee of Donald McSherry, chairman; Don Bream and Robert Saylor was appointed.

Receipts for the girls tournament included \$450 from program advertising, \$103 from ticket sales at the field and \$52 from advance ticket sales. A donation of \$100 from Glenn L. Bream was also received. A small amount is expected for additional advance ticket sales which managers have not yet reported.

A number of bills were ordered paid, including team forfeits. Exclusive of payment of forfeits, the general fund totals \$154.30.

Plans were discussed on projects to raise funds for the league during the winter months. During the past season the league operated with a deficit.

Teams represented at the meeting included the Moose, Elks, Bream Garage, East Berlin, Swope's Atlantic, Texas Lunch, American Legion, The VFW, Penn-Ceramic and Eagles were not represented.

The 1942 West Virginia basketball team set a school record with 80 points in one game. The 1952 Mountaineers averaged 80.4 points over a 27-game season.

TIME RUNNING OUT FOR GIANTS AND CLEVELAND

By ORLO ROBERTSON

AP Sports Writer

Leo Durocher's losing gamble loomed larger and larger today with his New York Giants trailing the pace-setting Brooklyn Dodgers by three games in the National League and time rapidly running out.

The Giants closed in on the Dodgers yesterday as big Jim Hearn shut out the Chicago Cubs, 2-0, while the Brooks were dropping a 4-1 decision to the cellar-dwelling Pittsburgh Pirates.

But the second guessers are saying the Brooklyn lead might well be only two games if Durocher had not chosen to throw an untried rookie, Jack Harshman, against the Cubs Tuesday.

Need 7 Of 9

"I just gambled and lost, that's all," was Durocher's retort. With each team having nine games to play, the Dodgers need any combination of seven victories or Giant defeats to assure them of their first pennant since 1949.

In the American League the New York Yankees closed the door a little tighter on the Cleveland Indians.

Contenders Rest Today

Only 2½ games separate the pair today, following the Yanks 12-3 victory over the hapless Detroit Tigers and the Indians' 6-1 conquest of the Washington Senators. The Tribe has only eight games left. The Yank play nine more.

The four pennant contenders, along with the other clubs, rest today before plunging into the final 10 days of the season.

Hearn threw a five-hitter yesterday at the Cubs, struck out four and walked three to record his first shutout in three years.

Veteran Howie Pollet hurled six shutouts in nine games for Pittsburgh against the Dodgers. He was relieved by Murry Dickson in the ninth after Gil Hodges had opened the frame with a single. Dickson quickly ended the threat.

Detroit Doomed

The Yankees racked up their sixth straight win by dooming the Tigers to last place for the first time in their 52-year American League history. Ray Scarborough and Bob Kuzava held the Tigers in check while the champs were pounding out 11 hits.

The Indians backed Bob Lemon with nine hits for his 20th victory in the triumph over the Senators.

In the only other games played the St. Louis Browns rapped out 16 hits to beat the Red Sox, 10-4, and the Phillies downed the Cincinnati Reds, 7-4.

Kump Ends Season With 9-8 Record

Ronnie Kump, Cashtown, had a 9-8 pitching record for the Allentown team of the Interstate League during the recent season, according to final figures released by the parent club office of the St. Louis Cardinals.

Kump hurled 157 innings, yielded 133 hits, walked 62, and struck out 99. He took part in 30 games and pitched 11 complete contests. As a hitter he turned in a 276 mark with 16 hits in 58 times at bat. His hits included three triples and two doubles, and he batted in seven rallies.

FORECASTERS HAVING TOUGH OPENING DAYS

By HAROLD CLAASSEN

NEW YORK — Football crashes the sports pages this week with a speeded-up program that lists a half-dozen conference games and intersectional contests which would have been mid-November attractions five years ago.

As a result, football forecasters are on the spot at the very start. There is no warmup period of picking breathers. Here's how the major games should come out this week end:

Southern California over Washington State: State's surprising sophomores of last year are experienced now and the Trojans have just completed the shift back to the single wing. A weak nod to Southern California in the Friday night affair.

Texas Christian, Maryland

Texas Christian over Kansas: This is the game you can see on your TV set Saturday afternoon. The Texans are the defending champions in the Southwest Conference and Kansas is rated one of the Big Seven's best.

Maryland over Missouri: The split-T attack was invented by Coach Don Faurot of Missouri. Now his squad will be devoured by the system's most noted disciple.

Georgia over Vanderbilt: Vanderbilt reported having quarter-back problems.

Squeaker For Kentucky

Texas over Louisiana State: The pre-season dope lists Texas among the "haves" and LSU among the "have nots" this year. A Saturday night game.

Kentucky over Villanova: A squeaker that could go either way but Kentucky's sophomores are the pick Saturday night.

Duke over Washington and Lee: Duke's roster lists an even two dozen returning lettermen. That's too much experience for the generals.

Other Sectional Choices

Skipping over the others in a hurry:

Friday Night

Denver over Colorado College, Alabama over Mississippi Southern, Furman over Newberry.

Saturday

East: Syracuse over Bowling Air Force Base, Yale over Connecticut, Penn State over Temple.

South: Clemson over Presbyterian, Richmond over Randolph-Macon, Florida over Stetson, Georgia Tech over The Citadel, Virginia Tech over Davidson, South Carolina over Wofford, Virginia Military over William & Mary.

Midwest: Kansas State over Bradley, Boston University over Wichita, Nebraska over South Dakota, Iowa State over South Dakota State.

Southwest: Arkansas over Oklahoma A & M, Houston over Texas A & M, Baylor over Wake Forest.

Far West: California over College of Pacific, Washington over Idaho, UCLA over Oregon, Utah over Oregon State, Stanford over Santa Clara, Montana over Utah State, Arizona over Hawaii.

By The Associated Press

Hagerstown's Braves began a home stretch drive toward the Governor's Cup with a 10-3 victory over Lancaster's Red Roses in the Interstate League final playoff series

last night. The Braves went on the warpath after losing a close 4-3 decision to the Roses the night before—their first loss in 12 games, including the windup of the regular season and a previous playoff series with York.

Record Crowd Attends Fair: Four hundred and forty-six persons attended the 1932 South Mountain fair than were present at the five-day exposition in 1931, but the total receipts fell short of last year's fair by \$198, officials of the exposition have announced.

Last year the admission was forty cents per person and this year the admission was reduced to thirty-five cents. . . .

County Couple Weds Saturday:

Miss Bernice Alice Sanders, daughter of Mr. and Mrs. Oliver J. Sanders, Liberty township, and A. Lott Walker, of Highland township, were married at the parsonage of the Fairfield Lutheran church, Saturday evening, at 8 o'clock, by the Rev. C. M. Coffelt.

The were attended by Miss Mary Walker and Mrs. McCoy, both of Chambersburg.

For the past three years the bride has been teaching at Oak Grove school, Liberty township.

Mr. Walker is a son of the late Captain Aleck and Alice Lott Walker, and since childhood, he has resided with Mr. and Mrs. Samuel C. Walker, Highland township. Mr. Walker is an automobile insurance agent.

For the present Mr. and Mrs. Walker will reside with Mr. and Mrs. Lott.

Counting Is Married: Archie Beam, son of Mr. and Mrs. Harry Beam, of Goodyear, and Miss Dorothy Gayman, of Pileys, York county, were married Friday by the Rev. Ira W. Trostel, at the Lutheran parsonage in Idaville. The newlyweds will reside in Goodyear.

Ten Sons of Vets at G.A.R. Meeting: Ten members of the Sons of Veterans Reserves, Gettysburg, left on Sunday for Springfield, Illinois, where they will attend the national annual encampment of the Grand Army of the Republic and allied organizations.

The local group will serve as an escort for Colonel Towne, of Philadelphia, commander-in-chief of the G.A.R.

In the local group are O. G. McPherson, E. F. Strausbaugh, Dwight Strausbaugh, J. E. Snyder, Francis Snyder, O. G. McPherson, Jr., Samuel Deardorff, Donald Baker, Luther Kemper and Richard Rudisill.

1214 Enrolled in Public Schools: Twelve hundred and fourteen pupils are enrolled in the Gettysburg public schools, which opened on Monday, Superintendent L. C. Keefe has announced. Of that number 745 are in the first eight grades and 469 are in high school.

The total enrollment in the public schools is 20 greater than last year.

Mrs. Bodley Buys Out Mrs. Brier: Mrs. C. F. Bodley and Mrs. A. S. Brier, proprietors of the Diana Style Shop, Carlisle street, have dissolved partnership, and the half interest of Mrs. Brier has been purchased by Mrs. Bodley.

Mrs. Bodley is being assisted in the store by Miss Mildred Weikert.

The Diana Style Shop was opened on October 16, 1931. . . .

75 Enroll in Seminary Here: The Lutheran theological seminary began its 1952-53 term Wednesday morning at opening exercises in the seminary chapel. Dr. A. R. Wentz was in charge of the morning service. The sermon was preached by Dr. John Aberly. The total number in seminary will be about 75. . . .

Gettysburg College Starts New Century of Instruction: Its first hundred years concluded, Gettysburg college, oldest Lutheran college in the United States, entered upon a new century of instruction of young manhood with the opening of the one hundred and first term Thursday morning.

An inspiring address was delivered by Doctor Henry W. A. Hanson in Bruns chapel, at 11 o'clock.

Preliminary figures on the enrollment place the number of new and returning students at 615.

Gettysburg academy, with 77 students, launched its 106th year at exercises in the assembly hall Thursday morning at 9 o'clock.

MEMORIALS

I like memorials. We need to be reminded of those who lived and left something inspiring behind. I am deeply reverent when I view the grave of a great man, or some memorial that has been created to honor him.

These memorials remind us of the brevity of life, even at its longest. That memorial to W. H. Hudson in a London park, suggesting "Rima" the bird woman in his famous book "Green Mansions," has been viewed by untold numbers of people, and I am sure that every lover of this great naturalist must pause there to pay silent tribute to one who loved all of God's creatures, whether human beings, birds, flowers, or animals.

In my reading recently I came across a sentiment engraved upon a dog's grave in Old Greece. Here it is: "Thou who passed on the path, if haply thou dost mark this monument, laugh not, I pray thee, though it is a dog's grave. Tears fell for me, and the dust was heaped above me by a master's hand, who likewise engraved these words on my tomb."

We cannot honor those enough who have served mankind, or who have left behind them sweet and noble memories of their kind and generous deeds in life. It is good to be reminded of them, and to meditate upon the immortality of goodness. My good friend, Ben Hur Lampman, once commented upon the fact that a good place to bury a dog would be under an apple tree, where the fragrant petals in the springtime might fall upon his grave, refreshing the memory of his loyalty and undying love for his master.

Wealth withers away, but not good deeds. They live forever! One of the most beautiful of all memorials is that one to Abraham Lincoln in Washington, D. C. There is nobility in the cut marble itself. And the reading of his immortal words bring the soul of the man to life. There is grandeur in the heart as they are read. "The world will little note, nor long remember, what we say here; but it can never forget what they did here."

Tomorrow Mr. Adams will talk on the subject: "I Know A Man." Protected, 1952, by The George Matthews Adams Service

Just Folks

FLYING SAUCER THOUGHT
If there be other worlds than ours
And other men with other powers
Though vastly different, it could be
They are as curious as we.

'Tis possible, if this is so,
They've known what we as yet
don't know
And may be trying year by year
To find a way to visit here.

We call ourselves God's children
all,
But this, the world we know, is
small,
And it may be God's children are
Inhabitants of realms afar.

For years amazing tales have
been
Of lights and objects some have
seen,
Hinting, perhaps, of greater
powers
And wisdom more advanced than
ours!

GEN. HERSHEY SEES NEED FOR DRAFT CHANGES

WASHINGTON (AP)—Maj. Gen. Lewis B. Hershey expressed the opinion today that changes must be made in service regulations next year if the armed forces are to get the men they need.

Hershey, director of selective service, told reporters he did not know yet what specific changes should be made but said he did not think they would require congressional action. No proposed legislation is being drafted by his agency, he added.

Hershey said he regarded as too optimistic the estimate of some government manpower statisticians that there would be a pool of 500,000 draftable men next July 1.

To Dip Into 4Fs
But he added that even if that turns out to be true more men will be needed by next fall than will be provided under current policies.

He said that probably the best way to get additional draft-eligible manpower is to "fight and fight hard to get 'em out of the 4F." On Aug. 1 this year 1,484,051 men were classified 4F. Physical standards are set by the armed services. Hershey indicated clearly that he thinks men are being rejected on physical grounds that could be used, saying:

"In time of general mobilization I think the armed forces ought to tell their induction stations that the rejection rate cannot exceed 20 per cent."

Nearly Half Rejected
Up to April 30 this year rejections for physical, mental and moral reasons were running around 45 per cent, according to statistics Hershey presented to a House committee.

The general noted that re-examination of men rejected solely on mental grounds has resulted in 33,891 out of 114,233 being found acceptable for service. These re-examinations followed congressional action lowering the passing grade for the mental test.

Dependency Next
The next big group mentioned by Hershey as a possible source for more men included 1,030,427 who had been deferred on dependency grounds as of July 31. He said the whole question of dependency is being studied.

Hershey said that so far almost all inductees are in the 20-year age group but pointed out that the original draft manpower pool covered youths from 19 to 26 years old.

"In two years we've gone down from the 25s to the 20s," he said. "and where do you think we'll be next year at that rate?"

Destroying Yalu Plant Old Idea

TAIPEH, Formosa (AP)—If Chinese engineers had their way four years ago, Allied planes never would have had to destroy the great Yalu power plant recently.

A former official of the Manchurian electric system says the engineers wanted to blow up the whole Yalu power dam system when the Chinese Communists were overrunning Manchuria. He says the engineers' recommendations were forwarded to Nanking but no reply ever came from the government.

The Nationalists say the Russians stripped two of the three power plants on the Yalu, leaving Suifu, the one destroyed by Allied bombers.

Myerstown Tomato Broker Is Enjoined

SCRANTON, Pa. (AP)—A Myerstown, Pa., tomato broker has been temporarily enjoined by Federal Court order from dealing with Lebanon County tomato growers pending court action started by the Campbell Soup Co., of Camden, N. J.

Judge John W. Murphy Tuesday granted the preliminary injunction when the Campbell Co. charged Peter Horst conspired to induce Mark W. Heisey and other Lebanon County tomato growers to sell their produce to Horst instead of the Campbell concern.

Judge Murphy set the hearing on the company's plea for a permanent injunction for Sept. 22.

NEW THOUGHTS, NEW FACES ARE NEEDED: TAFT

SPRINGFIELD, O. (AP)—Sen. Robert A. Taft said last night that only the election of Gen. Dwight D. Eisenhower as president can change "the philosophy of government spending and power."

"Gen. Eisenhower has stated without qualification his belief in the philosophy of liberty," Taft told a Republican rally opening his 19-state tour in behalf of the man who beat him for the presidential nomination.

"He stated it long before I met him last week," Taft said, "and only reaffirmed at that time what he has frequently said in the past."

Only One Way
"He believes strongly in our system of constitutional limitations and government power. He abhors the left-wing theory that the executive has unlimited powers."

"There is only one way to change the philosophy of government spending and power, and that is to elect Gen. Eisenhower and let him create a new administration, with new faces and new thoughts."

Taft's 30-minute address to a police-estimated crowd of more than 2,000 in Springfield's 2,600-seat Memorial Hall was broadcast and telecast nation-wide.

Emmitsburg

EMMITTSBURG — Mrs. Marie Gioninger-Rial entertained at a swimming party followed by a buffet supper on Sunday evening at her home, Clairvaux, near Mt. St. Mary's in honor of the birthday of her daughter, Mrs. John Cunningham. Among the guests were Miss Mary Louise Callahan, Gettysburg, and Prof. and Mrs. Charles B. Shaughnessy, Mt. St. Mary's, and other guests from Westminster.

Mrs. J. William Wetzel visited with Mr. and Mrs. Louis H. Callahan, Baltimore, on Sunday.

The Misses Ann Eckenrode and Rita Jordan left Friday by plane from the Idlewild, N. J., airport for a trip abroad. Their first stop will be Paris, after which they expect to visit in Rome, Munich, Brussels, Venice, Naples, Austria, Holland, Switzerland and Oberammergau, where the Passion Play is presented every 10 years. They will return the latter part of October via the new ship, United States, and will arrive in the States about November 1. Miss Eckenrode, daughter of Prof. B. J. Eckenrode, is secretary to Archbishop Keough, Baltimore, and

Miss Jordan, daughter of Mr. and Mrs. John Jordan, of near Mt. St. Mary's, is employed in the Baltimore office of the Edgewood Arsenal. Mr. and Mrs. Robert Kerrigan, Philadelphia, are visiting with relatives and friends in town.

Among the visitors at the home of Mrs. Eugene Warthen on Sunday were John and Jean Callahan, of Baltimore, Mrs. Daniel E. Callahan and son, Paul, and daughter, Mary Louise, of Gettysburg.

Mrs. B. J. Eckenrode and daughters, Julia and Mary Beth, and Mrs. Charles E. Eckenrode visited on Sunday evening at the home of Mrs. Daniel Callahan, Highland Park, Gettysburg.

Thomas Butler, Baltimore, is visiting with relatives in town.

AND WHAT DOES JUNIOR LEARN AT HIS SCHOOL?

By DAVID TAYLOR MARKE
The Associated Press

What the child learns at school and how he learns it are of interest and concern to most parents. Regina C. M. Burke, who retired recently from the New York City school system as associate superintendent after 52 years' service, has prepared a 24-page booklet which is being distributed to parents groups in which she answers these six most frequently asked questions:

1. What is meant by "readiness"?
2. Is my child learning the skills of reading, writing and arithmetic?
3. Is my child learning facts?
4. Why does my child play in school?
5. Can I help my child at home?
6. Are the schools still teaching discipline?

She explains readiness thus: "At first, a young child may need or want to play alone—with blocks, clay, paint, tools, puzzles, or word games. When he is ready to learn to play with other children, his teacher will help him do so—in games, going on trips, play-acting and constructing models. Through such play a child understands what he learns. He remembers facts. He learns skills."

Learn Better Today
Concerning the three R's, the brochure points out that tests show that children today are learning reading, writing and arithmetic better than children of the same age did 20 years ago. The author writes:

"We know that the 'three R's' are easier to learn and are learned better when children are ready—that is, mature enough—to learn. Not all children are ready to learn the same things at the same time. Children are ready to read before they are ready to write and spell. Readiness to learn is important not only for reading but for all kinds of learning."

Children can learn to "read" the word cooperation yet not understand what it means. However, when children live the idea of cooperation in the classroom by working together to decide class rules, the word begins to have real meaning.

Parents are reminded that children learn to spell after they know how to write. The words a child learns to spell are the words that he needs to express his ideas in writing. Words learned for a purpose are not readily forgotten. The brochure adds:

Play Is Serious
Concerning the manner in which he actually lives the things he learns. Play in school, under the supervision and guidance of the teacher, is really serious business for children. For your child, play is living. Through play he learns to ask questions. Through play he finds the answers he has been looking for. He learns how to express his feelings. He learns to get along with others. He learns from others. He learns with others."

The "how, why, what" of arithmetic, science, art and health are touched upon in the pamphlet. "Your child learns best when parents can help their children with homework, the booklet says that homework is most valuable to the child when he works it out for himself. The wise parent, however, can do much to assist

him. The child in his work at school by doing such things as planning trips and games together with him; by reading to him and with him; by helping him to select better movies and better radio and TV programs. In emphasizing the importance

CONFESSES TO BLASTING HOME

UNIONTOWN, Pa. (AP)—Dist. Atty. Fred L. Brothers said LeRoy Knotter of Somerset County has confessed to planting the dynamite which wrecked the home of Joseph Karen and damaged 10 other houses in Uniontown Sept. 6.

Brothers quoted Knotter as saying he was seeking revenge from Peter Salem, owner of the home which Karen rented. Knotter said Salem had refused to repay \$300 borrowed several months ago.

Knotter was arrested yesterday in Pulaski, Va., and returned to Uniontown after he waived extradition. Brothers gave this version of Knotter's statement.

Knotter tried early in August to collect the money from Salem and when he was unsuccessful he placed 13 sticks of dynamite at a cellar door of the home. The dynamite was discovered.

Knotter then contacted Salem and told him how the dynamite got there, warning if the money was not paid soon the next dynamite would explode before it was found.

The blast ripped part of the house away and broke windows and damaged porches of 10 other homes in the neighborhood. No one was injured.

Brokers Told Way To Avoid N. Y. Tax

NEW YORK (AP)—Under the rules of all stock exchanges, brokers are under a compulsion to find the best bargain for their customers, says A. C. Allyn & Co., members of the New York Stock Exchange and the Midwest Stock Exchange.

It points out that customers selling any of more than 150 stocks listed both on the New York and Midwest exchanges can avoid New York State transfer taxes by selling outside the state.

Proposes School To Train Statesmen

NEW DELHI (AP)—A versatile professor plans to start a school for statesmen in Delhi.

In a circular issued to members of Parliament, he has promised to "fit you to high positions of profit and power," and, to begin with, "to make you a first-class public speaker."

He has also promised members with ready-made speeches on any subject "so you may quickly make your mark in Parliament."

of discipline, the brochure points out that where health or safety are involved, instant obedience must necessarily be demanded, but for purposes of day-to-day living it is self-discipline that counts.

The cost for a pair of Jockey's pants is \$20 to \$30. A pair of mud-pants, for use on muddy tracks, cost between \$18 and \$25.

Mast Shortened To Get Under Bridges

LONG BEACH, Calif. (AP)—When the big Japanese tanker, Tonan Maru, first visited this port on her maiden voyage she carried a tall, 173-foot mast left over from her whaling days. Later when the tanker put into San Francisco Bay, riding high without ballast, she struck the Carquinez Bridge with the mast, scaring motorists.

When the Toman Maru visited the Pacific Coast again recently the old whaling mast was 20 feet shorter.

VANCOUVER, Canada (AP)—A driving instructor here suggested that "dumber persons" make better drivers. "Once the dumb student grasps the mechanics of driving he remembers them," he said. "It's the brainy ones that give us the trouble."

EVACUATING 700 ON WAKE ISLAND AFTER TYPHOON

HONOLULU (AP)—Trees and roofs flew through the air like straws but children sang bravely as they marched to concrete bunkers on typhoon-lashed Wake Island on Tuesday.

Mothers comforted their children in underground shelters while water sloshed around their feet. Outside every building except four on the flat little atoll was being smashed to bits by raging winds and waves.

Flying Out Evacuees
Eyewitnesses told stories like these today from Wake and Kwajalein by radio as rescue operations got into full swing to bring

some 700 inhabitants to Honolulu. A C-97 Stratocruiser left the storm-battered atoll with 80 evacuees. Some 600 more will follow as fast as planes can land and load up.

Four injured were flown to Kwajalein Island, 700 miles to the south, by a PBM Martin Mariner yesterday.

Radio reports continued to trickle in with details of the terrible destruction wrought by heavy seas and wind greater than 160-miles an hour.

Preliminary estimates placed the damage at 10 million dollars.

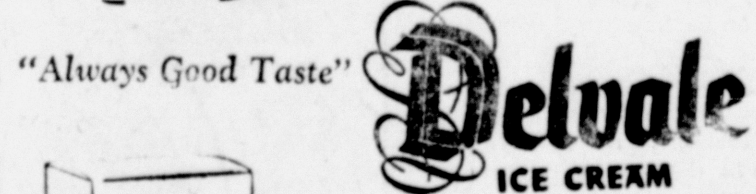

First planes from the outside to reach Wake took food, drinking water and medicine from Honolulu's Hickam Field and Kwajalein. Crews of the mercy planes set up cots and tents and began feeding the island's residents.

Social Fraternities Old And Important Institution In Gettysburg Campus Life

History Of Fraternities At Gettysburg College Is Traced Through Span Of Last 97 Years

The history of fraternities at Gettysburg College goes back nearly a century into the early days of fraternities in the nation.

Fraternities from the early days of Gettysburg College have played an important role in campus life here.

The history of the college, published at the centennial in 1932, declares that the Greek letter societies "have come to occupy a well recognized and acknowledged position of value on the campus" since the first fraternity chapter was organized at the college less than a quarter century after the founding of the institution itself.

Besides playing a key role in the life of the college, particularly in its social spheres, members of the fraternities in Gettysburg have in many instances served their national organizations in high offices and through the development of national fraternity publications.

Prominent Frat Men

Many of Gettysburg's most noted alumni were fraternity men during their student days and have brought honor and distinction to their chapters and their Alma Mater.

One of the Gettysburg's claims to fame in the Greek-letter world is the fact that on its campus stands the first chapter house erected in the Phi Kappa Psi fraternity and the first college fraternity in Pennsylvania.

Miller Hall, south of the president's residence on the campus and former home of the Phi Kappa Psi fraternity here, also has been called the oldest fraternity house in the United States which has been exclusively and continuously occupied for fraternity purposes.

Twelve social fraternities for men—10 of them with national or international affiliations—now flourishing on the campus at Gettysburg with four Greek letter groups for women, each of them a chapter in an international women's sorority, select their pledges from the student body of the year.

Oldest Chapter

The oldest chapter on the campus is Pennsylvania Epsilon chapter of here in 1855. The national Phi Kappa Psi which was founded at Jefferson College three years earlier. The chapter here was the seventh in the national organization.

Five members of the class of 1856 at Gettysburg—then Pennsylvania College—petitioned the general fraternity and the college authorities and received permission to establish a chapter. For at least the first 17 years the local chapter did not have a permanent meeting place but this situation was not regarded as a hardship because in those days the time and place of meeting was cloaked in the deepest secrecy.

In 1875 a large room in the Hollibaugh building on Baltimore St. was used and continued in service until Miller Hall was erected on the campus. The chapter's strength and prestige called for the erection of a chapter house and Miller Hall was started in 1882. It was completed two years later being dedicated at commencement that year. The building cost \$2,500.

The building served until 1924 when the present chapter house was erected at a cost of about \$16,000.

Grand Chapter

Pennsylvania Epsilon chapter was designed as the Grand chapter of the fraternity from 1884 to 1886 when the administrative system was changed by a new constitution. The Gettysburg chapter is credited with being instrumental in the founding of the chapter at the University of Pennsylvania and securing charters for chapters at several other colleges and universities. More than 600 men have been initiated into the Gettysburg chapter.

Xi chapter of Phi Gamma Delta of Gettysburg claims the distinction of belonging to the oldest of the existing fraternities to be founded in Pennsylvania, and the oldest fraternity, nationally, of the group represented on the Gettysburg College campus.

The chapter here, fourteenth on the roll of the national fraternity, was founded in March, 1858, and held its first initiation of members in the old McClellan House, now the Hotel Gettysburg.

The chapter was formed on the eve of the Civil War and that conflict interfered with its activities, but the chapter flourished in spite of a depleted membership because of military service.

Build \$25,000 Home

In 1865 the fraternity rented a hall; in 1890 moved into the old lodge on the campus directly south of the Phi Kappa Psi house. That building has the distinction of being the second house to be acquired by any Phi Gamma Delta chapter in the nation. In 1927 the lodge was demolished to make way for the erection of the present chapter house which cost about \$25,000.

Members of the Xi chapter here were responsible for the establishment of chapters at Roanoke College, Muhlenberg, the Universities of Pennsylvania and Maryland, Bucknell University and Lafayette Col-

lege. Offices in the national fraternity had been filled by a number of Gettysburg College men over the long span of years since the chapter here was initiated.

The local chapter marked its fifteenth anniversary at elaborate ceremonies at commencement time in 1908 with Newton D. Baker and other prominent national chapter members as speakers.

Campus Memorial

In the autumn of 1931 in memory of Harry L. Stahler, '82, whose interest in the general fraternity and the local chapter was "deep and practical," the chapter appropriated a sum of money sufficient to develop that portion of the campus formerly known as "McConaughy Meadow," lying south of Brua Chapel along the Tiber. The project was carried forward under the supervision of Dr. Charles H. Huber.

The local chapter of Sigma Chi, founded nationally in 1855, became the fourth in this state in 1863. The fraternity members met at several points in the town until it built Glatfelter lodge on the campus north of Glatfelter Hall at a cost of \$5,000. The building was dedicated in 1891 and was occupied by the chapter for 31 years until Cornelia W. McPherson's Memorial house on Carlisle St. was dedicated in 1922. The house was the gift of John B. McPherson in memory of his wife.

Presiding Officer

In 1874, the local Sigma Chi chapter absorbed the local chapter of the Upsilon Beta which resulted indirectly in the disruption of the latter national organization.

One of the local chapter founders, Philip M. Birkle, '66, once was the presiding officer of the grand chapter. Other Theta chapter members have served the national organization in many capacities.

The magazine of Sigma Chi made its debut in Gettysburg in 1881 and for two years was published at J. E. White Print Shop on Carlisle St. First earnest advocate of a journal for the national fraternity was Philip M. Birkle who died in 1934 at the age of 89. He urged the idea for 15 years before it was finally approved in 1880 and the Gettysburg chapter was given responsibility for its publication.

Welcomed By Others

Pennsylvania Beta chapter of Phi Delta Theta was inaugurated in May, 1875, at a banquet. The next morning when the members of the new fraternity appeared at chapel services with their membership pins the other Greek letter men staged a "welcome" celebration in the form of a parade.

After occupying rented quarters for some years the chapter erected a lodge on the campus, south of the Phi Gamma Delta lodge, and occupied it in 1899. It was sold in 1923 to the Theta Kappa Nu when the Phi Delta acquired the former Duncan home at the corner of West Lincoln Ave. and N. Washington St. That home has since been enlarged and improved and now represents an investment of more than \$25,000.

For "Good Will"

Alpha Tau Omega, founded in Richmond, Va., in 1965 with the desire of contributing to the spread of intersectional good will after the Civil War, established its Gettysburg chapter in 1882 as the college celebrated its semi-centennial.

Alpha Upsilon chapter here soon came to play an important part in the affairs of the general fraternity and issued its first song book, edited the national fraternity publication and saw its members elected to offices in the national organization.

Stirred Long Debate

In 1904 the chapter began the erection of a chapter house on North Washington Street opposite Brua chapel. The building, valued at \$6,000 was destroyed by fire February 22, 1914, but the next year the house was dedicated on the same foundation.

Sigma Alpha Epsilon national fraternity was established in 1856 at the University of Alabama and after the war, when the question of extension into northern territory became an exciting issue, a petition for admission in 1882 came from Pennsylvania College at Gettysburg. That petition was signed by two local students of Southern birth and two Northerners and precipitated a year long debate in the general chapter. Pennsylvania Delta was organized in 1883. Two years later it lapsed into inactivity and in 1893 an unsuccessful attempt was made to revive it.

Chapter Re-installed

The chapter was re-installed in 1899 after more than two years of effort on the part of a group of college men here. After owning a chapter house on Springs Avenue, the chapter bought the present house on West Lincoln Avenue in 1923.

The Deuteron chapter of Phi Sigma Kappa inherited the tradition and prestige of the Druids, organized in 1897. The Druids, who occupied a house at 135 North Washington Street for a number of years, bought the former Eddie Plank house on Carlisle Street opposite the present Huber Hall in 1925, and named it Druid Hall.

A local movement soon developed for affiliation at national fraternity and Phi Sigma Kappa was petitioned successfully. The general fraternity became national in 1873 at the Massachusetts Agricultural College. The local Druids became the largest active chapter ever held by Phi Sigma Kappa with the initiation of 90 alumni and active members on March 12 and 13, 1925.

Scholastic Standards

With the highly selective background of Druid membership, the Phi Sigs have always maintained high scholastic standards and for a number of years won the campus inter-fraternity cup for scholarship, in the national fraternity.

The history of the Kappa Delta Rhos on the Gettysburg College campus goes back to 1909 when a number of students here decided to form another fraternity "for mutual improvement in manly development and social culture" under the name of Theta Phi.

After it occupied several campus locations, Theta Phi bought its present home at 225 West Lincoln Ave. and in 1927 petitioned the national fraternity of Kappa Delta Rho for a charter. The installation ceremonies took place in 1928.

War's Influence

A local fraternity formed in 1916 under the name of Delta Kappa Sigma provides the background for the present Tau Kappa Epsilon chapter of that national fraternity. Wartime brought disorganization of the chapter which was inactive until 1921 when re-organization was effected. In 1923, the present chapter house on West Broadway, once the home of Coach Henry T. Bream, was acquired. In the spring of 1926, the local council petitioned the grand council of the Tau Kappa Epsilon for a charter which was granted. Psi chapter at Gettysburg was inducted later that year.

The national organization of TKE dates back to 1899 when a group called the Knights of Classic Lore organized and changed their name in 1909 to TKE.

One of the more recently founded fraternity groups for men on the campus here is the Lambda Chi Alpha, successors to the former Theta Kappa Nu, who formed first

in 1916 under the name of Phi Sigma. The new group held together during the World War I days and was one of the original 11 chapters which formed the national Theta Kappa Nu fraternity in 1924. The chapter bought the former Phi Delta Theta lodge on the campus but later occupied the former Beales residence on Carlisle St.

Started As Boarding Club

In 1939, the fraternity affiliated at Lambda Chi Alpha and occupied a home of W. Broadway.

Phi Kappa Rho initiated locally by member of a boarding club in 1923, later expanded its membership in 1940 by the absorption of the members of the Star Club, another group that shared a boarding house and sought a closer bond of fellowship.

Phi Kappa Rho, initiated locally by members of a boarding club in 1923, later expanded its membership.

The local Phi Kappa Rhos started out as the Criterion Club and continued as such until 1928 when the Greek letters Phi Kappa Rho were adopted and certain internal changes were made to qualify as a local fraternity.

34 Years Of Sororities

Sororities at Gettysburg College have a 34-year history.

The Beta Lambda Sorority was organized in November, 1916, "to set a high standard of womanhood and to uphold the traditions of the 'Old Gettysburg.'" Its publication "The Baby Lamb," appeared five years later. An alumnae association was formed in 1927. In 1928 and 1929 the sorority claimed the highest scholastic rating of any organization on the campus.

In 1939 the revived Beta Lambda—after the reappearance of coeds on the campus—affiliated with the international women's fraternity, Delta Gamma, founded in 1874 at Oxford, Miss. Many of the local alumnae also were inducted into the fraternity.

Newest Groups

Second sorority on the campus was inaugurated 27 years ago under the name of Gamma Phi. In 1930 it won first scholastic position on the campus. In 1927, it began issuing a sorority publication.

The student membership dwindled as the number of women students

dropped out. With the return of the coeds Gamma Phi affiliated with the national fraternity of Chi Omega under the name of the Tau Delta chapter in January, 1937.

National Affiliation

On Jan. 27, 1945, the Phi-Phi-Phi—or Tri-Phi—announced that the former campus organization had become affiliated with Phi Mu, the second oldest fraternity for women. Georgia Wesleyan Women's College was the birthplace of Phi Mu in 1852. Before their national affiliation, the Tri-Phis had been active as a local group for three years.

Chi Alpha Sigma was formed on the campus in March, 1942, in response to requests from many of the non-sorority girls. The group was accorded recognition as a social club in November, 1944. The next milestone in its history was reached on Jan. 18, 1946, when it was accepted as a local sorority.

Return To Houses

Activities of many of the fraternities were upset during the war years

when the fraternity houses were occupied as rooming houses for civilian students—both men and women—while the Air Cadet candidates occupied the regular college dormitories.

In the fall of 1946 for the first time since the early stages of the war, all of the fraternities re-occupied their own houses and launched busy activity programs.

Youngest of the men's social fraternities is Theta Chi which has occupied the former Bair property on Carlisle St. opposite Stevens Hall.

Honorary Groups

In addition to these social fraternities there are these honorary fraternities and sororities:

Alpha Kappa Alpha, a society for students in philosophy.

Alpha Phi Omega, national service fraternity assembling college men in the fellowship of oath and law.

Beta Beta Beta, a fraternity for students in biology.

Delta Phi Alpha, a German language society.

Eta Sigma Phi, an undergraduate fraternity for students of the classics.

Gettysburg Honor Society, society

formed to recognize outstanding members of the faculty and student body.

Kappa Delta Epsilon, a professional undergraduate education fraternity.

Kappa Phi Kappa, a national honorary fraternity for undergraduate men preparing for teaching.

Phi Alpha Theta, a fraternity for majors in history.

Phi Beta Kappa, a society for students of distinguished academic achievements.

Phi Sigma Iota, a society for students of Romance languages.

Pi Delta Epsilon, a journalistic society.

Pi Lambda Sigma, a fraternity for majors in political science and economics.

Psi Chi, a society for students of psychology.

Scabbard and Blade, a military society.

Sceptical Chymists, local organization founded in 1927, composed of the chemistry majors who desire to broaden their knowledge beyond classroom.

Sigma Pi Sigma, a society for students of distinction in physics.

Tau Kappa Alpha, a society for students excelling in forensics.

6 NATIONS ARE STRIVING HARD TO POOL ASSETS

By JAMES MARLOW
WASHINGTON (AP)—If six men exchanged their blood with one another in a multiple transfusion, each of them would have a rugged time ever trying to reclaim his own red corpuscles again.

Six European nations — France, Italy, West Germany, Belgium, The Netherlands and Luxembourg — are trying to give one another a transfusion by moving toward a unity and pooling of interests from which they can't disentangle themselves.

It is a triple unity and pooling toward which they're heading: economic, military and political. After their long and bloody history this is a quiet but astonishing revolution which in the end, of course, may not succeed.

The steps they have taken, and are considering, require each of the six to yield some of its ancient sovereignty.

May Be U. S. Of Europe

If what they are doing succeeds it may lead some day to a United States of Europe and include other nations.

Here, briefly, is what has been done:

Economic unity:
They have made most progress in this field. The six have approved treaties pooling their coal and steel resources, an arrangement called the Schuman plan, named for France's foreign minister who proposed it several years ago.

Military unity:
Five of the six are members of the North Atlantic Treaty Organization, which also includes the United States, Britain, Canada and others. West Germany is not a NATO member.

Form Organization
The six are forming their own organization called the European Defense Community, linked with NATO. This is an arrangement by which these six will pool their military resources and defenses.

EDC will come into existence when the six governments have approved their EDC treaties, maybe by the end of the year.

Political:
The six last week set up machinery to propose plans for their

Vietnam Soldier Acclaimed Hero

HANOI, Indo - China (AP)—A young Vietnamese soldier gave his life to write what newspapers here hailed as a "magnificent page of glory" for the Vietnamese army.

Sergeant Le Sung of the Vo Thanh regiment commanded a small post in Central Vietnam at the time it was attacked by an "important Communist - led Viet-minh formation" on July 22.

Heavily outnumbered, the sergeant and his men fought valiantly far into the night until they ran out of ammunition. He then ordered his men to abandon the post to prevent their certain death.

He alone covered their retreat. The Vietminh killed him as they pushed into the post.

John M. and Nellie E. Bollinger, Freedom Twp., sold to Harry T. Bollinger, Liberty Twp., a one-acre property in Freedom Twp.

ANNIVERSARY SPEAKER

The Rev. Dr. H. D. Hoover of the Lutheran Theological Seminary will speak at Friedensaal's Lutheran Church, near Seven Valleys, York County, next Tuesday evening at 7:30 o'clock at a service which is part of a series of special services in observance of the 200th anniversary of the church.

NEW STAMPS HERE

Ten thousand of the three-cent, blue stamps commemorating the women in the armed services went on sale at the Gettysburg Post-office Wednesday. The stamp's central design portrays four women in the uniforms of the branch of the service each represents, Marine, Army, Navy and Air Force. A view of the nation's capitol building forms the background of the design.

federation, or further unification, which would involve pooling not only their defenses but foreign affairs, trade and finance problems. They set March 10 as the deadline for pooling their plans.

Littlestown SUPPER MEETING HELD BY CLASS

A covered dish supper was held in conjunction with the first fall meeting of the Hustler's Sunday School Class of Redeemer's Reformed Church on Monday evening in the social hall of the church. Mrs. Frank E. Reynolds, chairman of the September Program Committee, was in charge of the program, which included: Group singing, with Miss Louise Dutera as piano accompanist; Scripture read by Mrs. Paul Stoner; prayer offered by Mrs. Reynolds; two piano solos, Grizelda Hahn; reading, "The Great Conqueror," Mrs. Lloyd E. Crouse; baton twirling act, Marilyn Miller, with Donna Rabenstein at the piano; piano solo, Donna Rabenstein.

The business session was in charge of the class president, Mrs. F. Bernard Cornell. Reports were given by the secretary, Miss Louise Dutera and the treasurer, Mrs. George DeHoff. Plans were made to hold a food sale in the near future. The definite date will be announced later. It was decided to purchase a coffee urn. The guess package was contributed by Mrs. Richard Hartlaub and was received by Miss Louise Dutera. The session was called with the Lord's Prayer repeated in unison. Mrs. Reynolds, Mrs. Paul Stoner and Mrs. Ralph Staley comprised the committee on arrangements for the meeting.

The annual Halloween party will be held in connection with the October meeting on Monday, Oct. 20, at 7:30 p.m. at the church. The members are requested to come masked for the affair. Mrs. Melvin Miller, Mrs. Melvin Shambrook and Mrs. Theron W. Spangler comprise the committee on arrangements.

Hear Hanoverian

Louis Kirkland, Hanover, personnel manager of Doubleday Company, Inc., gave a classification talk at the weekly meeting of the Littlestown Rotary Club on Tuesday evening at Schott's Hotel. Mr. Kirkland spoke on the subject "The Free Enterprise System and The American Way of Life." The speaker was secured for the evening by the Vocational Service Committee in charge, composed of C. Donald Bowser, chairman, Walter F. Crouse, L. D. Snyder, William V. Sneringer and Edward T. Richardson Sr. Visiting Rotarians present included Alvin Isanugle, Charles Havens and C. Ray Fogle, of Westminster, and M. L. Stokes and Harold Reuning, Gettysburg. It was announced that initiation of new club members will take place at the meeting next Tuesday at 6:15 p.m. Ernest W. Dunbar and his staff will be in charge of initiation.

Mr. and Mrs. Clair D. Worley, York, are the parents of a son, Thomas Wine Worley, born Friday at the York City Hospital. Mrs. Worley, the former Ruth Wine, is the daughter of Mr. and Mrs. Carrie Wine and Mr. Worley, a son of Mr. and Mrs. Paul Worley, near town. They are former residents of town.

The Finance Committee composed of Wilbur A. Bankert and John F. Feaser Sr. will be in charge of the program for the second September meeting of the Littlestown Lions Club this evening at 7 o'clock, at Bankert's restaurant, South Queen St.

Fourteen were in attendance for the first fall meeting of the Junior Fellowship of the Centenary Methodist Church on Monday evening, at the church. The program for the evening included, the opening devotions; group singing of "Jesus Loves Me"; prayer offered by the pastor, the Rev. Harvey B. Simons; illustrated Bible stories told by Mrs. Albert H. Miller Jr.; group singing, and a recreational period. Phyllis Rimel was appointed pianist for the group and Barbe Miller was named assistant pianist. Margaret Knight was selected to be in charge of the devotions for the meeting next Monday evening at 7 o'clock.

Mr. and Mrs. Albert H. Miller Jr., E. King St., entertained at a buffet luncheon on Sunday evening in honor of their tenth wedding anniversary. The guests were Mr. and Mrs. Harry Klunk and children, Donna Marie, Harry Jr. and Patricia, and Mr. and Mrs. Gilbert Krumrine, all of Hanover. Mrs. Mrs. Klunk served as bridesmaid and Mr. Gilbert was the best man at the Miller's wedding.

UNIONTOWN, Pa. (AP)—Earl Eisenhower, brother of Republican presidential nominee Dwight D. Eisenhower, believes the GOP has a good candidate.

Earl did a bit of political stumping for the general last night at a Uniontown Young Republican Club meeting but termed the short speech non-political.

Said Earl:

"All of the Eisenhower boys got together after he was nominated and agreed not to make any political speeches."

But he added:

"You have a good candidate. The man is utterly honest. He doesn't

know all the answers but I assure you he will surround himself in Washington with the type of men who can supply the answers."

TRUMAN, TAFT GIVE FAMILIAR CAMPAIGN TONE

By JAMES MARLOW
WASHINGTON (AP)—President Truman and Sen. Taft will make it more comfortable for anyone who can't get adjusted to the campaigning of Gen. Eisenhower and Gov. Stevenson.

Since everybody has been listening to them for years, hearing the President and the senator on the warpath again will be as relaxing as last year's hat. They follow standard political practice: Make it slam-bang and personal.

Not so with Eisenhower and Stevenson. Being newcomers to national politics, they have had to inch their way along to get the feel of things. They started out as mild as a couple of cousins.

Getting Rough
Now the general is getting rougher on the Truman administration and the governor is getting a little more caustic about the Republicans. But both still seem to be trying to work up a full head of steam.

They may get an assist in this from Truman and Taft, with Taft shoveling coals on the fire under Stevenson, Truman doing the same for Eisenhower, and Truman and Taft doing likewise for each other.

In this way the quartet should have a nice blaze going by election day with help from the vice presidential candidates, Sen. Sparkman and Sen. Nixon.

Party Symbols
Truman and Taft are more than just famous politicians whose names are a household word. They have become symbols of their parties.

Although Truman and Taft are not now candidates for anything, they're both such aggressive men, with strong opinions and a yen to express them, before this campaign is over they may overshadow the two men running for office.

FINDS STOLEN CAR

CARLISLE, Pa. (AP)—Judge Dale F. Shugart, of the Cumberland County Court, reported to police on Monday an automobile had been parked beside his garage for several days.

Police checked their records with the license number the judge provided. They found the car had been reported stolen last Tuesday.

Sheriff's Sale

IN PURSUANCE of a Writ of Fieri Facias issued out of the Court of Common Pleas of Adams County, and to me directed, will be exposed to Public Sale on SATURDAY, the 18th day of October, at 10:15 o'clock in the forenoon at the Court House in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz:
All that lot of ground situate in Mount Pleasant Township, Adams County, Pennsylvania, bounded and described as follows: BEGINNING at an iron pin on the Northeast side of an alley; thence running by land of Henry W. Jacoby North 31 degrees East 270 feet to an iron pin; thence running by land of Henry W. Jacoby South 56 degrees East 80 feet to an iron pin; thence running by land of Norbert J. Small South 31 degrees West 270 feet to an iron pin on the Northeast side of an alley; thence running the Northeast side of an alley North 86 degrees west 80 feet to an iron pin on the Northeast side of said alley, the place of BEGINNING, CONTAINING 89 perches and 187 square feet.
Said lot of ground being the same which Henry W. Jacoby and Mary M. Jacoby, husband and wife, by their deed dated April 10, 1948, recorded in the Office of the Recorder of Deeds of Adams County, Pennsylvania, in Book 182 at page 396, did sell and convey unto Marcellus J. Jacoby and Bernadette A. Jacoby, husband and wife.
Improved with a 4-room guest house. Seized and taken into execution as the property of Marcellus J. Jacoby and Bernadette A. Jacoby, and to be sold by me DORSEY J. SCHULTZ, Sheriff, Sheriff's Office, Gettysburg, Pa., Sept. 18, 1952.
Ten per cent of the purchase price is payable in cash immediately after the sale and the balance of the purchase price, plus making, docketing and recording of deed, is payable in cash five days prior to the return day of the writ of execution; if conditions are not complied with the property will be resold and the defaulting purchaser will be liable for the deficiency, if any.

IRAN WILL LET COURT DECIDE

TEHRAN, Iran (AP)—Premier Mossadegh told Parliament Tuesday Iran is willing to let the World Court decide what compensation Britain should receive for her nationalized oil properties. He added, however, this is the only compensation Iran is prepared to pay.

The Majlis (lower house of Parliament) gave Mossadegh a 60 to 0 vote of confidence. It endorsed his previously announced rejection of a British-American plan for solution of the oil crisis and approved his counterproposals.

The iron-willed but hard-up premier on Aug. 30 rejected a settlement proposal made by President Truman and British Prime Minister Winston Churchill that called for submission of the question of compensation to the World Court.

Agreement Not Near
The joint Truman-Churchill offer, however, included submission of all claims and counter-claims of both parties to the international court sitting at the Hague, capital of the Netherlands.

This would include compensation to the British-controlled Anglo-Iranian Oil Co. for the cancellation of its contract to produce the oil and its loss of earning power. The company's billion and a half dollar properties in Southern Iran were taken over by the Iranian government 18 months ago.

Mossadegh's flat statement that Iran was willing to pay compensation only for the physical properties of the AIOC seemed to leave little hope of immediate agreement since Britain has firmly demanded settlement of the additional claims.

SAYS WOMEN FORGET HOW TO BE FEMININE

By HAL BOYLE
NEW YORK (AP)—Curbsome observations on women by a pavement Plato:

The surest way to annoy a dominant woman is to tell her, "Don't be so masculine." Women today yearn to be feminine, but they have forgotten how.

The last thing a woman wants from a man is friendship. If a man tells her he is her friend, she thinks something is wrong with either him or her.

Widows Appreciative
Nothing is as unhappy and uncertain and insecure as a woman who always has her own way.

Widows appreciate a good man more than a single girl—but only until they marry again.

No husband will ever lose his wife if he always hands her his unopened paycheck in a bouquet of flowers.

Sense Of Humor
A woman has more fun out of her sense of humor than her sense of humor.

The difference between courtship and matrimony is the feminine preference for a contract rather than a contract.

Women regard with mortal hatred any man who insists on taking them at their own word. If they meant what they said—they would not say it. The art of getting along with a woman consists altogether in the art of understanding what she means but doesn't say.

A wife whose husband invariably remembers all her birthdays and anniversaries had better start worrying about him.

Secret Unshown Fear
It is also true that a wife who never has any reason to "kiss and make up" feels frustrated. A windless calm on her sea of matrimony makes her dread the coming of a storm greater than she wants.

The greatest tribute a woman can pay a man is to tell him, "I want our son to be just like you." But few realize this.

A wise wife, no matter how shrewdly she bosses her home, always remembers to have toward her husband the secret unshown fear that a liontamer has of his lions.

SAYS PROMISES AREN'T ENOUGH

ERIE, Pa. (AP)—"The shameful stains of bribery and corruption which have disgraced the present administration at Washington can not be erased by vague political promises on the part of Democratic candidates," U. S. Sen. Edward Martin said Tuesday.

"They cannot be covered up by a candidate who was hand-picked by the same crowd that tried so desperately to conceal the shocking situation from the American people," Martin said in a prepared address before the Pennsylvania Council of Republican Women.

"Those responsible for the dry rot of moral decay in many agencies of the government cannot be trusted to restore honesty and integrity as guiding principles in the conduct of public office."

"Only a complete top to bottom change can drive out the blight of corruption with a cleansing power."

Cost Five Years To Study English

HAMILTON, Canada (AP)—Mrs. Berta Kittler is again taking lessons in English, a language which cost her dearly 15 years ago.

At that time in her native Russia Mrs. Kittler and her husband began studying English. The result: five years in Siberia for her and death for her husband.

The Soviet high tribunal imposed these sentences for what is described as "treacherous behavior," in learning the language of the "capitalist imperialists."

Mrs. Kittler, a university graduate, speaks seven languages. She is now a cleaning-woman in Hamilton. Her 17-year-old son attends high school.

TOMATO CROP IN PA. CUT BY RAIN

HARRISBURG (AP)—Pennsylvania's crop of tomatoes for canning will be some 40,000 tons below 1951's mark due to heavy rains during August.

A federal-state survey, released by the State Agriculture Department, showed that the tomato crop has fallen off in all surrounding states.

The excessive rainfall was "particularly unfavorable" for tomatoes in New Jersey, Pennsylvania, Delaware and Maryland, the survey said.

Despite the drop during August, the department said, conditions have improved during September. In Pennsylvania, the Sept. 1 outlook was for a total of 176,400 tons of canning tomatoes compared with 217,100 last year. It was still above the 1941-50 average of 158,600 tons.

Pennsylvania output of sweet corn for processing the first of this month was estimated at 23,100 tons, a decrease of 3,700 from 1951 and 4,000 tons under the average.

of decency and high moral standards," he added.

"I am completely confident that the women of America of both political parties are on the side of decency and honesty in this campaign. The patriotic women of America will be a potent factor for Republican victory in November."

PRESSURE RISES IN COAL TALKS BEHIND THREAT

WASHINGTON (AP)—Pressure mounted in coal industry contract talks today behind a threat by John L. Lewis to call a push-button miners' strike.

Lewis' strike plans—calling for some members of his United Mine Workers to quit work Monday, some others 10 days later, while still others remain at their jobs without a contract—has the mine owners in a dither.

Selling coal is a competitive business and owners don't like to see their mines idle while rival diggings are working and likely to take over customers.

Lewis has staggered his contract expiration dates so his union's agreement with the Bituminous Coal Operators Association, representing the bulk of the soft coal mines in Northern states, principally those in Pennsylvania, Northern West Virginia and Ohio, expires this weekend.

The union agreements with the

Southern Coal Producers Association and with the Pennsylvania Anthracite Producers ends on Sept. 30.

Lewis has said he expects to reach an agreement in the anthracite field this week. But, failing an agreement, a strike would develop in the Bituminous Coal Producers Association's mines, employing about 200,000, next Monday.

Southern Men Ready
Members of the Southern Association already are making plans to boost production once a strike starts in the Northern mines. They want to take full advantage of the 10-day leeway before their contract ends.

Lewis was to resume talks with anthracite mine operators today and it was reported an agreement was imminent that would permit hard coal production to continue until an agreement is reached in soft coal. Lewis usually wins the same or similar terms from the anthracite owners.

OYSTER NOT A THREAT TO MEN NOW; FIGHTING FOR EXISTENCE

By HAL BOYLE

NEW YORK (AP)—Every time I meet Royal Toner, the noted sea farmer, he says:

"If all the offspring of two oysters survived for five generations, they'd make a mass as big as the whole earth—and then where would you be?"

This always makes me so uneasy that I rush to the nearest restaurant and swallow a half dozen oysters raw. If these little living pearl factories think they can gang up and crowd me out of my world—well, I can live by the law of the fang, too.

No Longer A Threat

This year, however, Toner, who operates 6,000 acres of underwater agriculture in Long Island Sound and Delaware Bay, said I could worry about something else. The oyster is no longer a threat.

"The supply of oysters has been very slim lately—much below normal," said Toner, a big, booming-voiced man who is board chairman of the National Fisheries Institute, an organization of the nation's leading commercial fishing firms.

"It's all part of the balance of nature. The weather conditions at the time of spawning have been unfortunate for the last few seasons.

Fighting Hard Now

—hot without a breath of wind." As he explained it, the baby oyster is a free-swimming miniature tadpole for a few days, then sinks to the bottom and anchors its tail to an old piece of shell or rock. But if the sun is too hot and the sea too calm, the temperature rises the oxygen level of the water falls, and the little oyster—called a spat—peels off and dies.

As a result of bad weather and overfishing, the bivalve, far from being a villainous menace to mankind, right now is fighting hard for self-preservation.

"We've only had a 6 to 7 million bushel oyster crop the last two years," said Toner. "Forty years ago Maryland alone produced that many, and oysters were the No. 1 seafood crop.

He's Ambisexual

"Now they have been passed by the salmon, the cod, the halibut, the tuna, and the shrimp.

"But don't sell the oyster short. He isn't done. He's millions of years old—you can find petrified oyster beds on top of the rocky mountains—and hasn't changed in all that time. He'll come back."

An oyster has one advantage over most other living things in

Army Commander Denounces Red Love

SINGAPORE (AP)—Political commissars of Malaya's Communist terrorist army have secret jungle huts in which to make love to lady friends. But the lower ranks of the force are compelled to await the women "left over from the upper ranks."

This was revealed by a surrendered terrorist commander, Ching Kuen, of the 5th Communist Regiment, who gave himself up with 12 members of his unit, including three women.

Half a million copies of an letter by Ching Kuen containing "eye-openers" of terrorist life in the Malayan jungles were air-dropped to his comrades.

The population struggle—he's ambisexual. "If he gets tired of being a male one year, he can turn into a female the next season and enjoy the pleasure of laying eggs," Toner said. "We don't know which they like best, as no oyster ever complains."

None Ever Complain

There is an old superstition that oysters aren't good to eat during the summer months, when they spawn.

"Actually they are better then—they taste sweeter," said Toner. He believes the legend arose because one variety of North Sea oyster, when bitten into in the spawning period "tastes like a spoonful of sand."

Oyster Feeds Otherwise

But commercial growers would just as soon have their customers consume oysters on the shell only during the months with an 'R' in them.

"Every time you swallow a spawning oyster," said Toner sternly, "you are destroying between 25,000,000 to 50,000,000 future little baby oysters."

People may think right now there are too few oysters. But an oyster feels the other way: There always have been too many people.

LEWIS CAPTURES ROYALTY BOOST FROM HARD COAL

By NORMAN WALKER

WASHINGTON (AP)—John L. Lewis is tucked a hard coal royalty boost into his trophy belt today and began trying to win over soft coal owners one by one to his contract terms.

Lewis, head of the United Mine Workers, was reported dangle an exemption from next Monday's expected Northern soft coal strike in front of some big Illinois operators.

Most of the soft coal industry, however, seemed to be steadfastly set against bowing to the union chief's money demands.

Selective Strike

Lewis has charged a selective strike, ordering his men to quit

mines belonging to the Bituminous Operators Association—representing most Northern mines—next Monday, and halt work in the Southern Coal Producers Association's mines on Oct. 1.

The diggings represented by the two associations produce about 70 per cent of the nation's soft coal. Most of the mines west of the Mississippi River are to keep working. And a number of important mines belonging to neither of the big employer association, including the Big Ben Coal Co. of Illinois, are also strike-exempt.

Lewis says these exempted mines have agreed that, in return for being allowed to keep open while the bulk of the industry is shut down, they will accept whatever new soft coal contract terms are finally negotiated.

Interim Agreement

The union reached an interim agreement yesterday with the anthracite hard coal operators to boost that industry's welfare fund royalty—financing miners' pen-

This assures that the hard coal industry will keep on working without a strike but will be called upon to negotiate further contract terms, including new wage rates, probably patterned after what happens in soft coal.

MIDWEST SEEN AS INCLINED TOWARD GOP

By DOUGLAS B. CORNELL
NEW YORK (AP)—Key Midwestern battleground states are considered by editors on the scene to be half certain, half doubtful, but largely inclined to go Republican at this stage of the 1952 election campaign.

Large numbers of voters still are regarded as undecided between Democrat Adlai Stevenson and Republican Dwight Eisenhower for president. And editors and political writers participating in Associated Press surveys provide all sorts of cross-current estimates as to which way the vital farm vote might go.

This bloc of a dozen states—North and South Dakota, Nebraska, Kansas, Missouri, Iowa, Minnesota, Wisconsin, Illinois, Indiana, Michigan, and Ohio—has been given a major share of the responsibility for the surprise victory President Truman chalked up in the 1948 election. So these states, with 153 electoral votes, are sure to hear some heavy political cannonading as the rival parties fight it out between now and the Nov. 4 balloting.

Six Narrowly Democratic
Four years ago, six of the 12 states went Democratic, some of them by hair-line margins. This year, as newsmen see it, the Democrats could be reasonably sure only of Truman's home state of Missouri if the election were held today. Among the doubtful states, they believe only Illinois is teetering toward its own Gov. Stevenson.

The consensus of newsmen is that four bed-rock Republican states—North and South Dakota, Nebraska and Kansas—will stay Republican. They figure that Iowa, which went Democratic in a stunning upset in the 1948 presidential election, will return to the Republican fold.

Except in the Roosevelt landlides of 1932 and 1936, the Dakotas, Nebraska and Kansas have been solidly Republican for 32 years or more.

Wisconsin A Puzzle
Wisconsin, Democratic four years ago, is rated such a political puzzle that no pronounced slant either toward Stevenson or Eisenhower is apparent at this time.

That leaves Minnesota, Indiana, Michigan, and Ohio on the doubtful list. The political almanacs of the editors indicate all four are leaning Republican, but by exceedingly slight edges in Minnesota and Michigan.

Underlying Reasons
Going Republican would represent a political about-face for Minnesota and Ohio, which turned up in the Democratic column four years ago. For Ohio, it actually wouldn't be much of a change, since the Buckeye state favored Truman by a mere 7,000 votes out of nearly three million cast.

The reasons underlying what Midwestern newsmen regard as evidence of a trend-of-the-moment toward the GOP largely are those heard in other regions. They say people are talking about: 1. a clean up and a clean out in Washington, 2. time for a change, 3. high taxes, 4. inflation, and 5. Eisenhower's personal popularity.

Other Factors
But in the Midwest, the editors say it still is too early to tell what will happen in many states in November because of such factors as: 1. A wariness, in traditionally isolationist areas, of Eisenhower's military background. Editors mention that especially in North Dakota, Nebraska and Wisconsin.

2. Wide disagreement as to where the farm vote will wind up eventually, in states like North Dakota, Minnesota, Wisconsin and Missouri. 3. Continued resentment at spots in Nebraska, Indiana, Illinois, and Wisconsin that Eisenhower, rather than Sen. Robert A. Taft of Ohio, won the Republican presidential nomination. Editors who said they found this resentment had made their surveys before the Eisenhower-Taft harmony meeting in New York last week.

There is strong evidence to indicate that tooth infection is more apt to occur if the teeth are not cleaned promptly after meals, and especially after consuming sweetened soft drinks, says the General Electric research laboratory.

FALSE TEETH

That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Red Land Reformers Confiscate Property

HONG KONG (AP)—The Hankow Communist newspaper, Chan Chiang Daily, accuses Communist land reform officials of confiscating the properties of farmers whose lands the officials took for redistribution.

The Hankow paper says food stores, farm tools, livestock and clothing taken by the land reformers were either sold by them or held by the officials.

SPARKMAN AND NIXON HUSTLING

By The Associated Press
Sen. John J. Sparkman, the Democratic nominee for vice president, followed Gov. Adlai Stevenson's lead yesterday and pounded away at the contention that the Republicans had what he called "a new

general—a man called Gen. Taft."

Sparkman, campaigning in Florida for a second day, is scheduled to visit Tampa and Tallahassee. Yesterday at Miami he said in an address that the New York breakfast meeting of Sen. Robert A. Taft and Gen. Dwight D. Eisenhower—the now famed coffee cup conference—"was the most abrupt surrender I have ever heard of."

It was not until after this meeting that Taft announced publicly he would campaign for Eisenhower. Sen. Richard M. Nixon, the GOP vice presidential candidate, launched his Western campaign tour last night with a speech at Pomona, Calif., pleading for election of the Republican ticket to gain "what is best for America."

He ripped into the Truman administration, hammered at the "mess-in-Washington" theme. The 39-year-old California senator plans to sweep on through California, Oregon, Washington, Montana and the Southwest. He scheduled a quick side-trip to Reno, Nev., today.

Captain Strevig

(Continued from Page 1)
Colonel Strevig said. When he arrived there, rubble from the war was in the streets and gutted houses were everywhere in evidence. "Today a casual visitor would say that the cities had never been bombed, that they had never been damaged."

Erect Modern Buildings
Reconstruction of the German cities has produced "many very modernly designed buildings. Germany is noted for following the traditional, but many of the homes, even some of the churches, are in the most modern design; some even extremely modern."

Shops are filled with numerous articles, where three years ago few articles could be found for sale. "Businessmen, throughout the portion of Germany which I saw, seem very confident of the future, judging by the buildings they have constructed, and the evident prosperity."

Automobiles have become more

numerous than they were before the war, the colonel said he was told by German friends. But in addition to the autos, thousands of bicycles and motorcycles are used for transportation.

Make Spiritual Recovery
While stressing that "politics, particularly German politics, is none of my business, the German people, ministers and others to whom I spoke seemed to think that Germany is progressing rapidly toward a better understanding of democracy, but that the German people also have a long way to go before democracy as we understand it will be imbued in the people as it is here."

Church attendance has increased tremendously in German churches since the war ended, Strevig said German ministers told him.

He added that Germany's coming "middle-aged" generation, the people who were youngsters during Hitler's regime and now are in their early thirties are still to some extent confused about church-going, because of their early raining; "but

they do have a high code of ethics in business life, and the children are enthusiastic about the Boy Scouts, Girl Scouts and such organizations which while not church connected do have a Christian basis of ethical teaching."

He added he was even more interested in the church attendance of Americans, "and I can tell you Americans in Germany are as much church-minded, if not more church-minded than they are here. In Frankfurt my congregation was made up of armed forces personnel, state department personnel and the representatives of various American businesses. And they do attend church regularly. In fact the church

NEW TB DRUG WILL NEED HELP FROM ANOTHER

ATLANTIC CITY, N. J. (AP)—The newest weapon against tuberculosis appears to need help from a comparatively old-time in the fight the American Chemical Society was told Wednesday.

Test tube research indicates that the best future for the new anti-TB drug "isoniazid" will be in combination with one of several older drugs, such as streptomycin, which have shown combative powers against the tuberculosis germ, said Dr. Wacław Szybalski, of the Long Island Biological Association, Cold Spring Harbor, N. Y.

"Isoniazid" is the drug whose first trials in humans were announced early this year. Dramatic improvements in a number of patients were reported, and some doctors have said it may prove to be the best bet yet against the disease.

Szybalski told the chemical society's 122nd national meeting he based his view for the future on this finding:

Builds Fast Resistance
Bacteria which produce tuberculosis in frogs develop a resistance to the new drug 1,000 times faster than they do to streptomycin—a drug which for some time has ranked in the forefront of TB weapons, although it has limitations.

But he said the experiments also showed that only a few individual germs in a given colony develop resistance to "isoniazid" at first—and that these particular individuals showed no resistance at the time to streptomycin or to any of several other drugs tested.

Therefore, he said, a properly-chosen combination of "isoniazid" with some other drug having activity against TB germs stands a good chance of wiping out all germs before resistance to both drugs can be built up.

SAYS CAMPAIGN BECOMING LIKE VARIETY STORE

By JAMES MARLOW
WASHINGTON (AP)—The presidential campaign is beginning to look like a variety store.

You can get an assortment of "main" issues, problems and topics.

If you don't like Gen. Eisenhower's "main" display, just step over to Gov. Stevenson's counter.

There may be a little delay in this department since the general and the governor seem to shift their stock around a bit.

You'll notice that the general appears to be a little freer in picking "main" issues than the governor while, at the same time, the governor, who is credited with being extremely lucid, isn't always lucid.

The General's Wares
Eisenhower—
June 6. He said the great issue of the campaign is peace and security.

Aug. 20. He said durable world peace was the over-riding issue.

Sept. 2. A slight change seemed to be setting in, for he announced corruption in government was the "over-riding moral issue in the campaign."

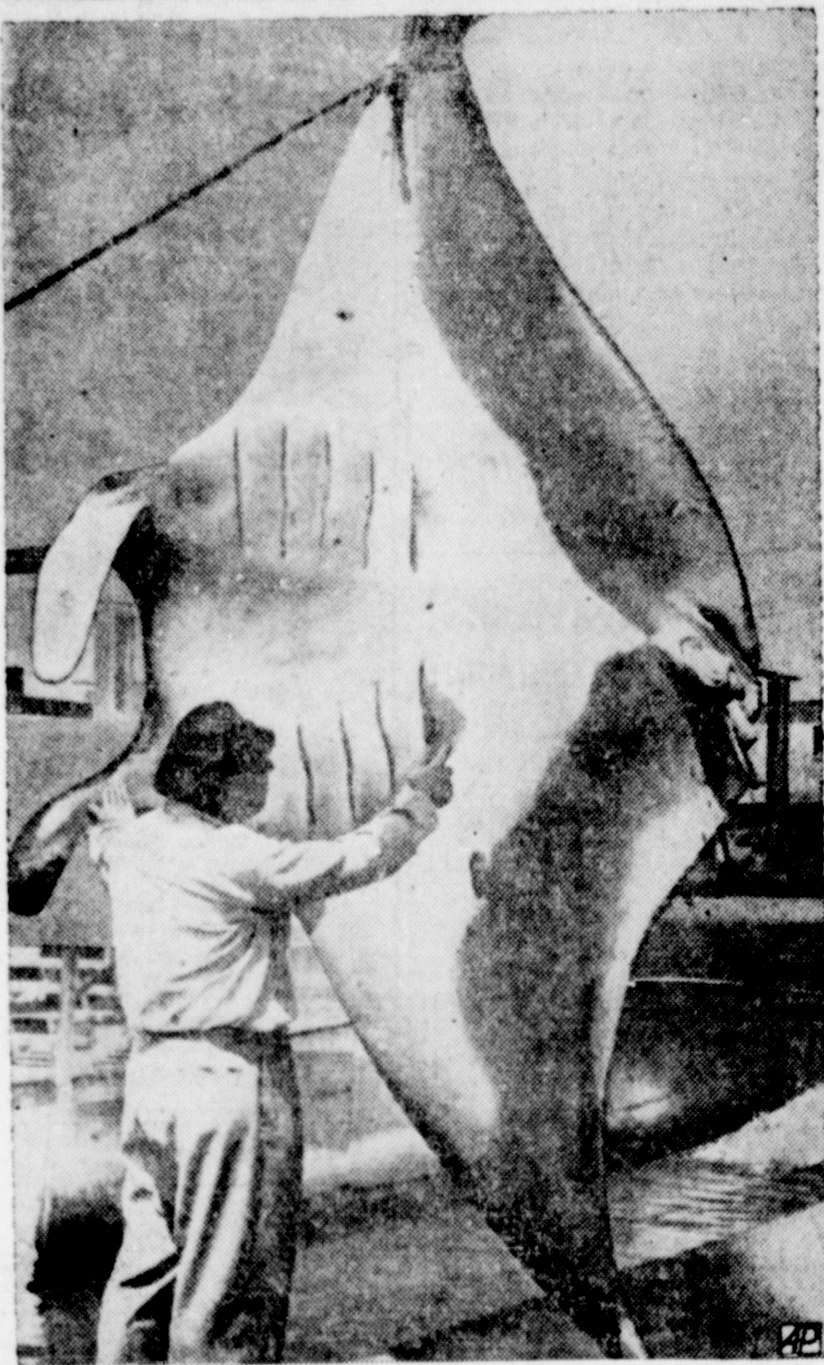

Sept. 3. Returning to the peace theme, he said the one great underlying issue in the whole campaign is success or failure in developing a peace program.

Sept. 4. He settled on corruption, saying: "I have said and will say again and again that there is only one issue in this campaign. That issue . . . is the mess in Washington."

In Stevenson Dept.
Stevenson—
Aug. 28. He said the "transcendent problem before us and the great unfinished business of our generation is peace in the world."

Sept. 6. He said, "the main issue in the campaign is whether the nation is going ahead with the policies to solve the great political complexities that confront our country."

Sept. 9. He said "foreign policy is the most important topic for the nation today."

GOV. STEVENSON HAMMERING AT CHARGE IKE IS TAFT-BOSSED

SPRINGFIELD, Ill. (AP)—Gov. Adlai Stevenson headed for the Eastern Seaboard today, opening a five-state sweep in which he will try to drive home his contention that Sen. Robert A. Taft is the new boss of the Republican presidential campaign.

Stevenson claims that Gen. Dwight D. Eisenhower has surrendered to Taft and that what the governor calls the Republican "Old Guard" is now giving orders to Eisenhower.

On his second big campaign drive—covering Connecticut, Massachusetts, New York, Virginia and Maryland—Stevenson's time-table calls for plane travel to key cities along the route. Brief roadside talks are also scheduled in a number of cities through which he will pass when traveling by automobile.

Atomic Energy Next
The first major speech, tonight at Hartford, Conn., will deal with the implications of the atomic energy age.

Stevenson goes before the American Federation of Labor Convention in New York Sept. 22 to extend the views he has already stated on labor policies.

He apparently went over much of the subject matter for his forthcoming speeches with Sen. J. William Fulbright of Arkansas yesterday. Fulbright has been a guest at the Executive Mansion since Tuesday night.

Full Of Praise
The senator came to a news conference late yesterday full of praises for Stevenson.

"He's an excellent candidate," Fulbright said. "I'm going to support him very strongly."

Fulbright said he did not discuss civil rights legislation with Stevenson.

IKE IN FAVOR OF CHANGES IN TAFT-HARTLEY

By JAMES DEVLIN
NEW YORK (AP)—Gen. Dwight D. Eisenhower told the American Federation of Labor Wednesday that he favored "realistic" amendments to the Taft-Hartley Law, but did not favor its repeal.

"I will not support any amendments which weaken the rights of working men and women," he said in an address prepared for delivery before the AFL annual convention here.

The GOP presidential nominee said he knew that the law as it stood "might be used to break unions."

"That must be changed," he said. "America wants no law licensing union-busting. Neither do I."

Eisenhower's speech followed by a day a message to the convention by President Truman in which Truman said Republicans planned to "make the Taft-Hartley Law even more oppressive and unfair" to labor.

Gov. Adlai Stevenson, the Democratic presidential nominee, has advocated repeal of the act and writing a new law.

Administration speakers appearing before the convention have urged repeal of the act and have been loudly cheered.

The convention, which will hear Gov. Stevenson Monday, is expected to endorse him, thus departing from a long held tradition not to endorse a presidential candidate.

The GOP candidate said he believed that the AFL's own executive council had stated that it was prepared to take what it called a realistic view of amendments to the Taft-Hartley Law.

"And that is my position too," he said. "I give it to you simply and clearly. I am in favor, not of repealing, but of amending the law."

The Lake Cup Matches, last contested between professional golfers from the U. S. and Australia in 1943, will be renewed in Australia in October.

CHUCK DAVEY BEATS ROCKY IN LOPSIDED TILT

By CHARLES CHAMBERLAIN

CHICAGO (AP) — Rocky Graziano demonstrated last night that he still has great powers.

He personally took charge of air conditioning Chicago Stadium.

The wind he stirred up missing Chuck Davey was from wild swings born of desperation.

Rocky was completely outclassed, a spectacle of bewilderment, like a bull skewered by a matador but still pawing the ground in a blind rage.

Lopsided Victory

The phantom-like Davey piled up a tremendously lopsided victory to continue unbeaten through 37 fights since turning pro after graduating from Michigan State. Graziano weighed 158, Davey 150 1/2.

Through 10 rounds, welterweight Davey sawed into Graziano, the ex-middleweight champion, with left hooks to the body and face and a jabbing, cuffing right. At the end, the sensational southpaw was awarded a 61-39 edge on points by Judge Edward Klein, 56-42 by Judge Harold Marovitz and 56-44 by Referee Frank Sikora.

In Line For Title Shot

The nationally televised and broadcast bout drew a ring-side crowd of 11,970 that paid a gross of \$23,630. The net was \$64,331 of which Graziano received 30 per cent and Davey 22 1/2. Television receipts for each fighter was kept a secret.

Davey is now in line for a crack at the welterweight title.

The date, depending on the outcome of Champion Kid Gavilan's title match with Billy Graham in Havana, Cuba, Oct. 4, is tentatively set for February. It probably will be in Davey's home town of Detroit.

BOB LEMON IN 20-GAME CIRCLE

CLEVELAND (AP) — With Bob Lemon back in the 20-victory circle for the fourth time, the Cleveland Indians are the second team in American League history to have a trio of 20-game winners two years in a row.

And for the second season in a row, the Tribe appears doomed to finish as runner-up to the New York Yankees, who haven't a 20-game winner yet, but who hold a 1 1/2 game lead.

Lemon's 6-1 triumph over Washington yesterday enabled him to reach the 20 mark, which his team mates, Mike Garcia and Early Wynn, already have passed by one. Only once before in 52 years of league play has a club had three 20-game winners in two consecutive years. The Boston Red Sox did it in 1903-04 and won the pennant both times.

FIRST NEGRO IS SIGNED BY PHILS

PHILADELPHIA (AP) — The Philadelphia Phillies have announced the purchase of three players from their farm clubs to report to the parent team's spring training camp next season.

The Phillies yesterday also signed their first Negro baseball player. He is Theodore Washington, 18-year-old shortstop of the Philadelphia Stars of the Negro National League.

The 1951 graduate of Camden, N. J., High School, batted 325 with the Stars last year and .340 this season.

Sign Bobby Walck

Washington was released unconditionally so he could sign a contract with Granby, Que., Phillies' farm team in the Provincial League.

Also signed yesterday was Bobby Walck, 18-year-old righthander who struck out 159 batters for Greencastle (Pa.) High School this season. Walck will report to Salt Lake City in the Pioneer League for the 1953 season.

The three players who will report to the Phillies' training camp are Robert Greenwood, who had a 14-8 record this year with the Tri-City team in the Western International League; Joseph Tesaro, who hit .303 with Schenectady in the Eastern League this year, and Ronald Mrozinski, southpaw hurler with a 12-11 record with Schenectady this season.

YESTERDAY'S STARS

By The Associated Press

Batting: George Metkovich, Pirates—Slammed two homers, good for three runs, to lead the Pirates to a 4-1 upset victory over the league-leading Dodgers.

Pitching: Jim Hearn, Giants—Pitched his first shutout in two years, permitting the Chicago Cubs only five hits as the Giants won, 2-0, to cut Brooklyn's lead to three games.

BINGHAMTON, N. Y. (AP)—Tight-fisted Rip Coleman starved the slugging Reading Indians with five hits last night, and the Binghamton Triplets went off to a one-game lead in the Eastern League playoff finals, 5-1.

The second game of the best-of-seven series will be played here tonight.

BUILDINGS IN STATE CAPITAL GET NEW FACES

HARRISBURG (AP) — Pennsylvania's 50-year old group of capitol buildings is being overhauled at a cost of two million dollars.

The Department of Property and Supplies said the job got underway with the current renovation of the capitol dome and with repairs to the electrical system and the terraces of the north and south office building plazas.

Secretary Alan D. Reynolds said the program marks the first major improvements on the capitol buildings since they were constructed.

Modernization plans also include a new water distribution system, rewiring of all electrical lines in the capitol. Contracts for new steam lines and sewers are expected to be awarded before Jan. 1.

Bids will be taken within a few weeks for the rewiring and recircling of all electrical lines in the capitol. Contracts for new steam lines and sewers are expected to be awarded before Jan. 1.

Water systems renovations will include replacement of nearly all plumbing fixtures in the main capitol building—drinking fountains, wash bowls and toilet installations.

Most of these fixtures have been in use since the building was erected in the early years of the century the department reported.

MORE WORKERS WILL JOIN FSS

HARRISBURG (AP) — A second group of Pennsylvania's 250,000 local public employees will be signed up for federal social security benefits next week.

David Jamison, director of the new State Bureau of Social Security, said today that next Friday he will complete an agreement covering the group with the federal security administrator in New York City.

He was unable to estimate the number of governmental units to be brought under the federal program but said it will involve more than 21.

Last month an estimated minimum of 3,257 workers employed by 21 cities, townships, housing and municipal authorities and school districts, were qualified for federal benefits under the first agreement.

A state law passed in 1951 enabled Pennsylvania to take advantage of new federal statutes permitting certain municipal and state workers to enroll for social security.

"The movement to enroll Pennsylvanians is progressing smoothly. We are getting the bumps rolled out and the problems answered," Jamison commented.

East Berlin

Charles E. Wallace, Berlin Heights, has assumed his duties as principal and also sixth grade teacher at Lincoln School, West Manchester Twp.

Mr. and Mrs. Paul Lerew Sr., with Mr. and Mrs. George W. Smith and Mrs. Cleason E. Smith, visited during the past week at the Dillsburg homes of their relatives, Mrs. William D. Chapman and Glenn Chapman.

Another local teacher who has resumed her duties is Mrs. Jennie Brown Jacobs, teaching at Darr's schoolhouse, north of town, where she has been in charge for several years. Mrs. Jacobs spent most of her summer with her husband, Mervin D. Jacobs Sr., on the "Second Pennsylvania Dutch Tour of Europe" conducted by Franklin-Marshall College, Lancaster.

The infant daughter born August 16 to Luther F. and Clara Mae Cooley Myers, Red Lion, formerly of here, has been named Donna Jean.

Mr. and Mrs. Harris G. Schlosser, Dillsburg R. 1, formerly of here, were recent visitors of his sister, Mrs. Arthur Huntsberger, and assisted her with a surprise birthday party for their 71-year-old mother, Mrs. Alice Schlosser. The party was held at the Huntsberger cottage at Mummert's Grove near here.

Youth Fellowship Plans Wiener Roast

The Youth Fellowship of St. John's Church, New Chester, will hold a special meeting and wiener roast Sunday evening at 6 o'clock with the new co-adviser, Rev. Stewart Bortner, assistant pastor.

A committee, composed of Joan Holcombe, Vonnice and Joyce Trimmer, Rose Millhimes and Arlan Reynolds is in charge. The Fellowship will begin its regular meetings September 28 and will meet at two-week intervals, on Sunday evenings.

The churches of the East Berlin Reformed Charge will return to standard time September 28. Preparatory rites will be held in Mt. Olivet, Bermudian; St. John's, New Chester; Emmanuel, Hampton, and Zwingle, East Berlin, churches. Holy Communion services will be held in all churches of the charge October 5.

The Willing Workers of St. John's Church will conduct a County Fair and Bazaar at the parish hall Thursday evening, October 2, for the benefit of the heating fund.

The Young Women's Church School Class of St. John's will visit the County Home, Gettysburg, September 25 to provide the monthly birthday party for residents. The Mite Society will hold its annual chicken and waffle supper at the parish hall October 18.

Hold Anniversary Program Saturday

Members and friends of the East Berlin Reformed Charge are invited to attend the anniversary program at the Homewood Church Home for the Aged at Hagerstown Saturday afternoon at 2 o'clock. The home was removed to a new, fireproof building a year ago and the first anniversary is the theme of the Saturday program. The Rev. Dr. Alfred N. Sayres, professor of practical theology at the Lancaster Seminary, will be the speaker.

Children's Department workers are urged by the pastor, the Rev. Alton M. Leister, East Berlin, to attend the special Children's Work Synodical Conference at St. Paul's Church, Mechanicsburg, Sunday afternoon and evening.

The annual fall conference of the Mercersburg Synod will be held at Grace Church, Shippensburg, September 30. It will be an all-day meeting. Arrangements for attendance can be made with Rev. Mr. Leister.

IMPORTANT MESSAGE

to the

PEOPLE of GETTYSBURG and ADAMS COUNTY!

We are pleased to announce that we have purchased the milk business of the Gettysburg Ice and Storage Company and, by way of introduction, we should like to give you a brief story of our company and our products.

We are an old concern, having started in business fifty years ago in York, Penna. Nine years ago, in 1943, we purchased the former Lonce's Dairy in Hanover where we are now located in a very modern and highly sanitary plant.

We have been serving milk throughout Adams County, including Gettysburg, for many years and it was with extreme pleasure that we accepted the opportunity to increase our service to the people of Gettysburg. We take pride in the quality of our milk and milk products and we also believe that our service is of the highest calibre. So that service will not be disrupted in any way, driver-salesmen currently employed, will continue to serve the same routes as in the past.

Among our products are the following:

Standard and Homogenized Milk

Guernsey, Special Jersey, Grade "A" Raw Milk

"Ayshire" Baby Milk

Buttermilk, Chocolate Drink and Skim Milk

Light and Heavy Cream

Cottage Cheese and Smeer Kass

Butter, Yogurt, Orange Drink, "Bombay" Orange Base

Chocolate Syrup, Ice Cream, etc.

We sincerely hope that our relationship with you, our new customer, will be a long and pleasant one. If at any time you have any suggestions or criticisms concerning our product or our service, we shall be very happy to receive them either directly to us or through our driver-salesmen. Our plant is open for inspection at all times and an invitation is extended to all to visit us whenever possible.

New customers, either on the routes previously served by the Ice and Storage Company or on routes already served by us, are welcomed and solicited.

Again we wish to emphasize that our foremost desire is to serve you with the highest quality dairy products possible to produce and to serve you with the greatest of efficiency.

Sincerely yours,

BUPP'S DAIRY
